Preface

SERVE AND OBEY THE LORD

Job 36:10-12

[10]He also opens their ear to instruction, And commands that they turn from iniquity.

[11]If they obey and serve Him, They shall spend their days in prosperity, And their years in pleasures.

[12]But if they do not obey, They shall perish by the sword, And they shall die without knowledge.

God doesn't want you to have prosperity for some days, He wants you to have prosperity for all your days on earth. The Bible says they shall spend their years in pleasures. God wants you to come to that point in your life where all your days on earth will be pleasures for you. By pleasure it doesn't mean flexing here and there. It simply talks about having the peace and comfort that your heart needs. And they shall spend their years in peace. God doesn't want you to be such that you live your life without having peace for one reason or the other. Some lost some peace because they have some debt to settle or some needs to meet. God doesn't want you to be such personality who lacks peace, He wants you to have peace and comfort. You wouldn't be disturbed with bills to pay, needs to meet or people to settle. You will have all the wealth that can meet all your needs."

OBEY GOD CONSISTENTLY

If you are such that knows how to obey God consistently, one thing is certain, you will spend your days in prosperity. I have found out that the principal way that guides us in the kingdom is different from the principle that guides the world. The principle that guides in the kingdom says if you do this, you will get this but for those who are not of the kingdom, they may not be able to get that. I have seen believers who seem to be serving God but yet their days is not spent in prosperity and they don't have pleasures all their years. What could be wrong? Verse 12 shows us what could be wrong. The scripture is very clear concerning some certain things. If you claim that you obey God and do all the scriptures ask you to do and then you are not seeing prosperity all your days, verse 12 showed certain thing. It shows that "But if they do not obey, they shall perish by sword and they shall die without knowledge." In order words, anyone who is actually a believer and serving the Lord diligently, there is a knowledge which is in that person. The last part of verse 12 says they shall die without knowledge and wherever there is no vision or revelation the people perish. Lack of knowledge or revelation can destroy people.

If you want to live your days in prosperity, you must understand that there is a part where you have to obey and serve. I am saying this because when you listen to some people who talk about wealth, they won't talk about wealth or prosperity in this line. If you are such that obey and serve the Lord, then, you are qualified for the prosperity only the Lord can send.

Job 36:11

[11]If they serve and obey him, he will make them successful and they will live a happy life.(ESV)

I wrote a book titled ***Divine Instruction***, when you are

instructed you have to obey the instruction. If you can obey, God will make you successful and live a happy life. One of the reasons why many believers are not successful is because they have not received any instruction and some have not obeyed the instruction they have received. If you obey Him, if you can serve Him, you will spend your days in prosperity and your years in pleasure.

BE COMMITTED TO SERVING THE LORD

I have always known that serving the Lord just brings reward to some persons. If you have the habit of serving the Lord wholeheartedly, God has a way of compensating you. For those in Nigeria who have gone for National Youth Service Corps (NYSC), you realize that at the end of the month, the federal government pays you monthly. And for some people too, their PPA (Primary Place of Assignment) also pays them too. If you are paid for serving your father land, how much more when you serve the Lord? What do you think the Lord will give you? He will give you certain things that money cannot give you. I have proven that in my life.

Many people have not gotten the revelation of serving the Lord. If you understand what it is to serve the Lord, especially if you are committed to kingdom assignment, then, you will be blessed with prosperity. The Lord pays people; He pays with certain things that money may not be able to buy. The Lord pays with health, honour, relevance, greatness, vision and with certain relationship you will need in your life. That is why if you are reading this now, you should bear in mind that you must live your days in prosperity.

THIRTY CHANNELS OF WEALTH

This simply refers to the thirty things that represent wealth in your life. The understanding of these will aid your insight into how wealth can come into your life. If you have any of these, definitely, you already have something that can give you wealth.

I have discovered that there are those who have two, five, ten of these channels of wealth. The mastery of these will empower your mind to be alert to any of the channels wherever you spot them. Often times, when God marks to give you wealth, He will give you one or some of these thirty. The presence of any of these is a potential signal that wealth will come into your life.

The Lord's blessing is your greatest wealth. However, there are thirty things that represent the blessing of God in your life. These things are things that can bring wealth to you. How will the blessing of the Lord manifest in your life? Anytime you see the manifestation of these thirty things you will know that the blessing of the Lord is on your life. Let's identify the channels below:

1. THE VISION OR IDEA TO START A PRODUCT OR SERVICE IS A BLESSING THAT CAN PRODUCE WEALTH IN YOUR LIFE

Wealth is product of vision and idea. In other words, we can say no idea, no wealth; no vision, no wealth. The word vision and idea means the same thing. If I can know the idea you have, I can predict the wealth you will have.

Anytime you see that you have an idea to make a product or render a service, you must simply know that the blessings that bring wealth has come to you. Blessing manifests in your life in form of visions and ideas. Blessed people are known through the ideas and visions they have.

2. HAVING LAND IS A BLESSING THAT BRINGS WEALTH

One of the signs of wealth is ownership of land. Wealthy people are land owners. If you don't yet have a land, you don't yet have wealth. If we want to know that you are truly blessed by the Lord, we should request you show us the land you have. God is the owner of all of the earth and all of the heavens, that is why God owns and control the universal wealth. So, when God put the blessing on you, that blessing that produces wealth. Eventually, you will be pushed and compelled to get lands. In a simple way, that is what we call real estate. It is not just to get lands but to build something on it, either you build houses or companies, you just need to build something. Some people don't like building, they just want to buy a completed building. It doesn't matter if you buy a building, you are the owner of the

land too.

The blessings of the Lord which is our greatest wealth will cause you to possess lands. If you don't yet have lands, the sign of wealth is not on your life. If you keep money in banks and you don't yet have lands, you are rich but you are not yet wealthy. Wealthy people are land owners.

3. RELATIONSHIP WITH WEALTHY PEOPLE IS A PROOF OF BLESSING FOR WEALTH

The wealth some people will have early in their life is the people that God will put in their lives. In other words, for some people, the blessing that brings wealth will not come into their lives in form of getting land early. It will come to their lives by having relationship with wealthy people. The wealthy people in your life are your wealth.

If you have the wealthy in your life, you have wealth. You may not have their wealth, but you can get insight, connections and access through them that will get you wealth.

4. ACCESS TO INFORMATION THAT BRINGS WEALTH IS A PROOF OF BLESSING ON YOUR LIFE

There are pieces of information you may have access to in life, it takes the blessing of the Lord to cause you to have access to that information. There are pieces of information you cannot have access to if you are not blessed. The reason is because your environment cannot permit you to have access to that information. In fact, the environment you find yourself may

not be designed to have access to such information. That kind of information is meant for some people in some particular space, it is meant for some few people and by that I mean some wealthy people.

How that information now comes to you is only by the blessings of God upon your life. When you have the blessings of God upon your life, you will have access to certain information. You know in our world today; some people are seeking employment opportunities. But some people are not seeking employment opportunities they are only seeking investment opportunities. Those who have money are not seeking for employment opportunities, they are seeking for investment opportunities. Investment here is not about some quick fix schemes. That is why if you are very young, the first thing you do is to seek for employment opportunities, after getting employed, you gather the money you have saved, then look for a business or an investment that you can invest into that can always bring income to you. And don't just have one investment, you can have multiple investments.

Real investment opportunities are certain pieces of information that are not common and this information only circulate among the wealthy. You are only permitted to have access to such information because the blessings of the Lord are upon your life.

5. CONNECTION WITH POTENTIAL WEALTHY PEOPLE IS THE MANIFESTATION OF THE BLESSING OF GOD UPON YOUR LIFE

There are some people who are not wealthy but are potential wealthy people. Most of the wealthy people we know today were not the wealthy people we knew in the past. The richest man on earth today was not the richest man in the last ten years. In other words, when God connects you with potential people then the blessing of God is upon your life. Those people may not be wealthy today but there is something in their life that can make them wealthy in the future.

It is a special blessing to be connected with the owners of the future when they are not yet wealthy. That is why, you need to know people beyond the surface level, you need to know people beyond their physical stature because there is something God put in them that the natural eyes may not see or spot immediately. There are blessings that bring potentially wealthy people into your life.

6. THE BLESSING MANIFESTS IN YOUR LIFE WHEN MEN DECIDE TO USE THEIR GIFT TO HELP YOU

I visited the office of a person recently, as I entered, I looked at all the workers there, I looked at all the staffs and everybody. Then I told the CEO, I said you should not be here, you should have moved beyond this level and he said what do I mean? I said give me some minutes I am still processing my thoughts. That I want to share certain things with him not because he wants to pay me, but I knew that the things I will share with him are things that will take the company to the next level. The reason I want to do that is because of the blessing of God upon that person. There is something on that person that compels me to give out what is in me. The blessing of the Lord will compel men to use their gift to help you and when that happens, you will be wealthy.

7. WHEN YOU GET INSIGHTS TO HOW THINGS SHOULD BE DONE NEWLY IN YOUR FIELD

Those in the business world call it disruption. Disruptive ideas are evidence of God's blessing. When you can create new trends, it is an evidence of God's blessing. Fresh oil brings fresh insight into your field.

8. HAVING SOLUTION TO PROBLEMS IS A BLESSING

If you are in a place and there is a problem, when other people are seeing the problem, you should see the solution. Solution is a proof that the blessing of the Lord is upon your life. If you can't bring solution to a problem, the blessing of God is not upon your life. A person without blessing will always be in problems and be the problem. It is only a person with blessing that can bring solution.

Solutions are intangible form of wealth. Many people don't know. You brought a solution to a problem, you provide answers to some questions, all of that are intangible form of wealth. The solution you can provide is that wealth you can get. If you can supply solution to people's problem, you will get wealth.

9. SEEING OPPORTUNITIES IN DIFFICULTIES IS A BLESSING

It is possible you see a difficulty and by the divine, you spot hidden opportunities. Seeing opportunities in times of difficulty is a blessing. A person without blessing will only see difficulty but a person with blessing will see opportunities even in that difficulty.

10. HAVING MANY POSSESSIONS AND ASSETS IS A BLESSING

I am not talking about having some liabilities. When I say assets I talk about things that can bring more income to you. The possession that gives pleasures to some people gives prosperity to some people. Insight that makes you entrepreneurial with your possession is a channel of wealth. Evidently, wealth can come from your current wealth if only you can think of what to do with it.

11. THE VISION OR IDEA TO START A COMPANY

The idea to start a product or a service is different from the idea to run a company. Many people have the idea to start a product or a service but some people have the idea or vision to start a company. It takes the blessing of God to have a vision to start a company. Creating products or services is not the same as creating a company that can create and supply that products or services at high scale. So, it takes the blessing to open your eyes to see the need to run a company.

12. YOUR GIFT IS YOUR BLESSING

God's blessing on your gift will make your gift more valuable than some others. And when kings value your gift more than the gift of some other, they will put you in charge. You can ask Joseph. Look whoever is in charge of the wealth of the king and a nation will definitely be wealthy. Your gift is a channel to

get your wealth. If you can refine your gifts well, you will get wealth as reward for the services offered through your gifts.

13. ACCESS TO NEW ENVIRONMENT OR TERRITORY IS THE BLESSING THAT CAN MAKE YOU WEALTHY

As an African, traveling abroad may not make you wealthy but there is a high possibility that when an African travel abroad, especially to a European country or one of the wealthy countries, the person may get wealth in one year that will take ten years to get in Africa. In fact, if you want to despise that, just check the currency difference. Therefore, access to some new territories can bring you wealth. That is why you hear some people travel abroad and they are building houses, sending money from abroad down to their country in Africa to build a house or houses. The reason for such is that access to a new territory can bring wealth, especially if the country you are traveling too is wealthier than the previous country you were.

This doesn't mean that you have to travel abroad before you make it in life. No! This just suggest that God may relocate some people abroad in other to make it. The fact is that there is enough wealth you can make even in a poor nation. I believe that there is no poor nation, we only have nations with poor minds and leadership. When the mind of the leaders of a nation are poor, the nation will automatically be poor.

14. ACCESS TO POSITIONS OF POWER CAN BRING YOU WEALTH

The blessing that brings wealth will create an opportunity for you to access a position of power. Sometimes, a position of authority can add weight to your presence. Those in position of authority are the ones that command the wealth of others. If you are in a position of authority in a company, you will cherish it because you never can tell the amount of wealth you can draw into your life. I am not referring to getting wealth in a manipulative or fraudulent way, I believe you can get wealth when you do the right things.

The next time you find yourself in a company or organization where position is bestowed on you, you must eagerly take it up. Sometimes many people see the opportunity and try to dodge from the responsibility without knowing that they are just attempting to dodge from wealth. Because when God puts you in certain positions, especially when it comes to a company or organizational matter, it is a process of making you the head. So, position of authority has the power to bring wealth to you.

15. THE BLESSINGS OF GOD WILL MAKE YOU SKILLFUL AND BE AN UNCOMMON PERSONALITY

You are not born with skills; you acquire your skill. However, there is something that can make your skill different from every other skill. There is something that can distinguish your skill from others. The blessings of God will make you skillful and become an uncommon personality. That is when you get to that level where people can't find another you. When you get to that level where we can't find another you, definitely, wealth will run to you. The fact is that the weighty your presence, the plenty your wealth - this is the secret wealth of the monarch. When you see kings and you imagine how they acquire some of the wealth they have, it is because of the weightiness of their presence and position. You should build yourself to the level where we cannot find another you. And when you do that, then wealth will be compelled to run to you. You may not have any position, but you have a gift that you can refine to get you wealth.

Whatever you are doing, you have to train yourself to be the best that cannot be compared to others. You can be the best in what you are doing by training yourself. Build your skills to the level where you become incomparable to others. When that happens, wealth will run to you. If we can find another you, then your wealth will be shared with others but if nobody can be compared to you, then your wealth will run to you.

16. YOUR NAME CAN BRING YOU WEALTH

Many people don't know that the greatness of their name is a blessing. Your name will bring you wealth. God's blessings can make your name to be distinguished and when this happens, people will pay you with wealth. In fact, people can give you wealth by using your name as endorsement. There are people that their name becomes endorsement over many things. If your name can bring acceptance to products, then wealth will run to you. Do you know most companies go to celebrities to get approval for the use of their name and picture for some advert? Do you know those celebrities are paid for that? Your name can bring wealth to you. When your name becomes great, wealth will come to you. One of the ways God blesses people is that He makes their name to be distinguished.

17. YOUR STORY CAN BRING YOU WEALTH

A media company or a publishing firm may get up one day and decide to use your story to communicate something to the public. And they get all the details, they get your permission, releases it and then they pay you royalty.

So, just by permitting people to publishing your story to the public can get you wealth. It is very possible that they pay you once or continuously. Some people are paid royalty monthly. The more they consume your material, the more money flows to you monthly. Everything you are going through now, God can cause something to happen through it that will be a blessing to the lives of others.

Your future can become clearer to you just by hearing the

story of some people. What you hear or read about some people can supply strength and faith to you. You heard certain things about them and then you are just so sure that nothing can stop you from becoming great, nothing can stop you from becoming wealthy. What stirred up such confidence is the conclusion that if those people could be successful, then, you too shall be successful.

18. YOUR PARENTS CAN GIVE YOU WEALTH

It was Solomon that said that riches and houses are inheritance from his father. Your parents can give you wealth. Many children inherited the wealth of their fathers or mothers. They got house, companies from the wealth of their fathers. Let's examine an example of such from the Bible. When Jacob went to Laban, you will realize that Esau was at home. By the time Isaac died what happened was that Esau took over the wealth of Isaac and that was how he began his life. You can get wealth from your parents.

19. YOUR CHILDREN CAN GIVE YOU WEALTH

Many poor parents got massive wealth suddenly through their children. When this happens, you will realize that your children then become your blessing. God had made them the blessings that will bring wealth to you. This is most common in most African countries.

20. FAVOUR CAN GET YOU WEALTH

God can cause somebody to remember you and give you properties you don't ask for. There are people who travel out of the country and they just give their properties and investments to someone else to monitor. You see, when any one abroad put you in charge of their property to monitor or take over, then you are favored. Favor compels the wealthy to trust you with properties and riches.

21. YOU CAN GET WEALTH THROUGH YOUR SIBLINGS

God can decide to make your siblings or one of them your blessing and when I say siblings I mean your brother or your sister. I hope you know that Joseph's brother got massive allocation of lands in Egypt through their brother Joseph. It was Joseph God used to grant wealth to the children of Israel in the land of Egypt and he also fed them for years. You have to be sensitive to your siblings because they can bring you wealth.

22. YOU CAN GET WEALTH THROUGH YOUR SPOUSE

God is unpredictable. He can do and undo. There are people who got wealth through their spouse. Favor can grant your spouse certain wealth at her workplace that you will benefit from.

23. THE ANOINTING IN YOUR LIFE IS A BLESSING THAT CAN GET YOU WEALTH

This is the secret of anointed men of God. If you have a healing anointing that can heal the sick, you can get wealth as long as they are healed. I heard a man of God said someone had an issue sometimes ago and he eventually ministered to the person and the person got healed. He said the person brought one billion cash to him and said I give you.

The anointing of God on your life can get you wealth. When you can by that anointing solve certain spiritual problems like getting the sick get healed, deliverance from chronic diseases or attack, freedom from oppressions, they can give you anything. Therefore, you have got to bear in mind that the anointing upon your life can bring you wealth.

The anointing is costly. For example, Benny Hinn is a healing Evangelist, he is not a business man but do you know that Benny Hinn has houses, lands in many countries that people just give to him and the likes. I hope you know that he is one of the richest ministers of the gospel in the world, among the first 10. But this man doesn't have any business. He is just a preacher, how come he has so many lands and properties. There are some business

owners, some CEOs that included him to be part of their board. So Benny Hinn is a board member of many companies. He is not on board to share any business strategy with them, they don't need that. What they need is the anointing on his life, just be part of this board. The reason so many people do that is because the Bible says that the Lord blessed Potiphar because of Joseph. There are some people that because you have them in your life, what is at work upon their life will bring wealth to you. There are some people that because you have them in your life things begin to move. Those people when they speak into your life, things begin to work out and if they don't speak into your life, things go the way they should.

24. YOU CAN GET WEALTH THROUGH THE PEOPLE YOU HAVE INVESTED OR HELPED IN THE PAST

This is one of the secret to the wealth of many pastors. Those pastors have imparted and helped so many people in the past. They helped many people out of their problems, out of their difficulties and those people are compelled in turn to share from their wealth with that person. It is rare to forget those who helped you when you were ordinary. They are naturally compelled to give out of their wealth to people who invested in them. When God begins to move you to invest in the life of others, what God is trying to do for you is to cause you to get your way into wealth.

25. RECEIVING INSTRUCTION IS RECEIVING THE BLESSINGS THAT CAN BRING WEALTH TO YOU

I have learned that one instruction can bring wealth to you. Remember the Bible says blessed is the man whom the Lord instructs. When you are instructed by the Lord, blessed are you. One of the signs that show that a person is blessed is that the person is instructed by the Lord. To despise the instruction of the Lord is to despise the wealth that is coming your way. When you receive certain instructions from God, you should know that God is set to make you wealthy.

26. ACCESS TO THE SECRET OF THE WEALTHY CAN BRING YOU WEALTH

Do you know that the wealthy won't share their secret but by the mercy of God, you can have access to that information, and with that, you can make wealth happen?

27. THE PROPHETIC CAN OPEN UP WEALTH TO YOU

Many people don't know this but that is the truth. When prophetic words are spoken over your life, it goes ahead to open the door for wealth to you. This can even be an opener to the wealth of a nation. There are some nations that if only a man of high stature can speak words of authority over it, massive wealth will be birthed in those nations.

Men are not equal in authority. When such utterances are

released from the mouth of the person, wealth is automatically released from different channels of God's habitation, heaven, earth and everywhere. The prophetic can open up wealth to you. When such happens, it is a sign that God's blessing is upon your life.

28. THE WISDOM OF GOD ON YOUR LIFE IS A BLESSING THAT GET YOU WEALTH

When wisdom begins to flow out of your life, then you should know that God has given you what can bring wealth to you. Wisdom affects your mentality and your mentality affects your prosperity. And there is a very similar connection between your mentality and your prosperity. When you have a great mentality, prosperity will come your way. That is why when you are wealthy in your mind, one thing is certain, you will soon be wealthy in the world. It is by wisdom that you become wealthy in your mind not just by having some vision or ideas. It is with wisdom that you turn your ideas or vision into actions that produces results.

29. YOU CAN GET WEALTH THROUGH DIVINE ORDER

Creating divine order is a sign that God's blessing is upon your life. Blessings will always bring order - structures. There are structures you can set for your life that will bring wealth to you. Some people, if they have good structures, they will be wealthy in their lives. The most important thing for you is not starting a business or running a company. The most important thing is what structure do you have? Because the structure determines the sustainability of whatever you start or run. It is through structure that the thing you start will outlive you. Most Africans, when they start anything, it dies with them when they die. Why? This is because there is no structure. When things are not built on systems, they will be built on personalities. That is why whatever you are doing or running should be able to run without your input. Don't attempt to build anything on your personality. You have to be such that you have a structure that can run things without you. Give people the freedom to make things happen because if you don't, the wealth cannot outlive you.

This is the mistake many CEOs make. Simply because they are CEOs, they want everything to run with their permission without knowing that they are doing themselves harm. When you have the structure, you can create the divine order. That is a sign that God's blessings is at work in your life. You have to create order in your family. Your family must be with structure; it is going to create order in your family.

You have to create order in your nation, that is very essential. You have to create order in your personal life, you don't do things anyhow. There should be things that guide you to

discipline yourself to be able to carry out and execute tasks at the right time.

Whoever wants to create disruption need to create structure. The reason many businesses collapse is not because some demons are at work, the reason many businesses collapse is because the structure is not there. That is why the place of administration really matters. When you have administrative skills, blessed are you. I took time to study about administration, even though with the fact that I just have the skill, it is just part of me and the likes but I still had to take time to study it because I need to learn how to build structures.

30. WHEN YOUR EYES ARE OPEN TO WEALTH IN SCRIPTURES THEN YOU ARE BLESSED

The richest men in the world who are not believers cannot have this dimension of blessing. This one is only meant for people of faith and people don't know that it is a blessing. It takes blessing to come into this. And what is that? When your eyes are opened to see wealth in scriptures. If this is the only one you have, you will get wealth without stress.

This is the secret to the wealth of many people today and ministers today because the minister read the scriptures they get certain things. It is not everything they get that they preach. Now when God opens your eyes to see wealth in scriptures, God has just blessed you because when you read the scriptures and your eyes is opened to see something that can be seen as riches or wealth and you see it and that thing forms a picture in your mind. What has happened to you is that God has just given you wealth because the opening of your eyes to see that

scripture is the transfer of ownership of what you saw. The moment you saw that scripture and the picture of wealth is formed in your heart, what has happened is that in the spirit realm, wealth has been given to you. What you now need is the practical wisdom to bring to past the things you have seen.

Conclusion

LOCATE YOUR WEALTH

I give you an example, let's say, you begin to read the prophetic book let say the book of Isaiah, Psalms, Job, Ezekiel, Jeremiah, Daniel and all of that. And as you read that scripture, you read something and that thing forms certain pictures in your mind, and as it forms a picture in your mind, you see certain wealth coming to your direction from that scripture. When your eyes of understanding are opened to comprehend that scripture, then wealth has been given to you.

Let's say you read the story of Joseph and as you read, you saw that how the king created the office of a prime minister for Joseph. The office was not in existence yet created. If you are working in a company while you read that. And as you read that after Joseph brought solution to Pharaoh, an office was created for him. An insight may come to you from there that you are going to bring a solution that will make your boss to promote you. Evidently, that kind of insight has supplied to you that you will come into positions and offices that you will access not by your qualification but by the solution that you supply.

CONCLUSION

As the picture forms in your mind, the next thing that happens is that you begin to think, how to work out that thing. You know that God has given you the secret to the top and be in charge. With that revelation, you have to be such that will be in charge of the space that controls the wealth of your company, what will happen is that you will have to do what Joseph did.

Go after solutions that others cannot bring because there are many wise men, many administrators with Pharaoh but Joseph will always bring insights that no other person can supply. When you have that kind of thing, then you know what to do. When you read something from the scriptures and it forms something in your mind, then you know you are wealthy.

You must ask yourself this question that goes thus, what do I need to do? Because when those things are formed in your heart, you will see what God has done for you, but then you still need to find out, what you need to do to bring this to pass? Now with the understanding of this, you will know that when you read the scriptures, you are attempting to get something that will form a picture in your mind and this will become the base for your wealth.

However, in my own personally experience, the reason I know I will be so wealthy is because I have seen many wealth in scriptures. Nobody ever taught me this. I never read it anywhere. The Lord taught me Himself. He taught me when I was going through some challenges in my life, I was praying and saying God, I want you to do this and he opened it up to me and said if you get this wealth such cannot leave your life. The reason I want you to get this (to see wealth in scriptures), you must know where your wealth is located in scriptures.

I have too many wealth I can show you, all that wealth is scattered across different verses of the Bible and then I don't

just get the scriptures, I don't just get the promises from those verses, I also get the principle on how to work it out. Don't just get the picture and say this will happen, you have to get the wisdom and how to work it out. There is wisdom to bring to pass every promises of God to you. Most people they know how to receive promises, they know how to receive prophecies. Every promise and prophecy needs wisdom. If you have the promise and you don't have the wisdom on how to bring it to pass it may not come to pass. Imagine, Joseph saw that people where bowing to him and the like. When Joseph was in the prison, you know the day he went to interpret the dream for the Chief Butler, they were not the one that come to him, he went to them. You need to find out what to do. The scripture from Genesis to Revelation, some people when they read it, it is grace they will see there, only grace. Some people, it is only prayers or faith they will see there. Some people, it is only by the message they want to preach they see there. Look, it is whatever you want God to show you that He will show you and there are times that in His mercy, He will show you what you don't desire Him to show you. As faith, prayer, anointing and other things are scattered in the scriptures, wealth also is scattered in the scripture.

SEE THE VERSES OF SCRIPTURES AS YOUR WEALTH

However, why do you need this aspect? If you see people as your wealth, people will be people, they can leave your life anytime. That is the reason personally I don't see people as my wealth, I see the verses as my wealth. The verses will not leave your life but people may leave. If you don't have the anointing - the healing anointing, the strong prophetic anointing, ministry anointing but you have all of these verses, your eyes are open to wealth in scriptures.

Proverbs 10:22 says

[22] The blessing of the Lord makes one rich, And He adds no sorrow with it.

If God has revealed this scripture to you, then, congratulation. Regardless of your situations or circumstances, as long as God has revealed His word to you, then, you have the transfer of ownership of whatever is revealed to you. The moment you see a verse as unveiled to you by the Holy Spirit, you just get that verse or you recite it by heart. The more you look at that scripture, the more the picture is formed in you. The more your hope come alive and when that happens, the next thing you need is what you need to do to bring to pass the blessings of God upon your life.

Anything God has given you in scripture cannot leave your life. That is why you must always write them down. You may not have money in your pocket now, you may not have any property or access to something, you may not be running the business you want to run yet, what you don't have both in your account or pocket does not matter, the scripture that has formed picture in your spirit is what matters. Whatever is revealed to

you will soon be given to you.

Trust God to open your eyes to see the scriptures because when you can see it, you possess that wealth spiritually first and whatever you possess spiritually, with time it will manifest. God told Abraham, get out of your family, get out of your nation and go to a land which I will show you and Abraham went by faith but remember, God said go to a land which I will show you and he did. Abraham came to that point and God said this land I am going to give to you and your descendant. That land is what you know as Canaan land, that is the promise land that the Israelite later went to and it was a land that God spoke to Abraham about.

Isaac also when he began his journey, God spoke to him and said this land which I gave unto your father, I am going to give it to you. It is a land that God spoke to Jacob too and said this land, I swore to Abraham and Isaac, I am going to give it to you and it is a land that God told the children of Israel and said this land, I swore it to your fathers and I am going to give it to you.

THE PROPHETIC DIMENSION

God told Abraham to set out to a land which He would show him and you know Abraham went by faith and as he did, he went through that land and God showed him the land and this is the land He is going to give to his descendants. God eventually gave them that land.

To explain that clearly to you, that is an aspect where is like you start reading the scriptures and like God told Abraham to get out of his country, he tells you to get out of your physical circumstances and get into the scriptures, begin to read the

scriptures and as you do, you will come to a particular verse and just like God told Abraham and said this land I am going to give to you. As you read the scripture, you will see your own land in some verses of the Bible. Your lands in scripture are things revealed to you that God shows you that He will give you. When God says this thing I am going to do in your life, just believe Him. Whatever God reveals to you are your special lands. God has given you a special land He doesn't give anybody else. As you read the scripture, you will see your own land there: you will see wealth, business, possessions, even people.

The land God promised Abraham, Isaac and Jacob which the Israelite went and possessed, they fought to get that land. So the fact that God said He will do some things in your life doesn't mean you will not fight to get it. It doesn't mean you will not take certain actions. You will take certain actions but God will make those actions to be successful. You have to know where your wealth is located in the scriptures as you read scriptures.

This understanding should push you into reading the scriptures, you have to soak yourself in the scriptures so that by the time you come out you will know that the things that has entered your spirit. Ensure you go and locate your wealth in the scripture. But know that as you locate those things and pictures are formed in your heart, then, you get wisdom on how to work it out. But if you can have those pictures, it will draw everything that needs to command that wealth to you.
