## PREFACE

*“Now there was no blacksmith to be found throughout all the land of Israel, for the Philistines said, ‘lest the Hebrews make swords or spears.’ But all the Israelites would go down to the Philistines to sharpen each man’s plowshare, his mattock, his ax and his sickle; and the charge for a sharpening was a pim (highly expensive amount; about two-thirds shekel weight) for the plowshares, the mattocks, the forks and the axes and to set the points of the goads. So, it came about, on the day of battle, that there was neither sword nor spear found in the hand of any of the people who were with Saul and Jonathan. But they were found with Saul and Jonathan his son”*  
1 Samuel 13:19–22

One day, I took time to read this scriptural passage and was amazed at the revelation poured out to me. From the story above, you will see that the Philistines had blocked every channel for the Israel to sharpen their weapon. The astonishing part was that it was only Saul and Jonathan (father and son) that had the weapon. All the people that were with them didn’t have any weapon to fight.

As I looked upon that scripture, the Lord enlightened me that often times, ministers of the gospel have some weapons (insight into what to do) to defeat the enemies in the day of battle, but many believers lack weapons. In fact, that is one of the reasons I had to take time out to complete this volume. As the Lord

showed me, He made known to me that I have weapons (insight into what to do) in the day the enemy arise for battle. He also made known to me that my spiritual sons who are ministers of the gospel also have the weapons because they have been taught. The question I was asked by the Lord is what about the other believers. Saul and Jonathan had their weapons sharpened but couldn't help those around them out. This is the situation we have today in the body of Christ. Many believers are going through challenges and running to pastors and programs where they could be helped out. But the question is that for how long will that continue?

God specifically told me not to be like king Saul who had weapons for himself and also got his son weapons. Spiritual fathers and sons need to be intentional to provide spiritual weapons for the people they lead and those around them. It is time believers are equipped with weapons to fight battles that arise against them. Enough of going here and there to seek who will help you fight your battles. You are equal to the task of fighting your battle if only you have the right weapons to fight.

Weapons to fight battles of life are revelations on how to deal with different matters. When you receive a revelation or understand one that is shared, you have been given a weapon to defeat the devil in the day of battle. This book in your hand is a weapon. Reading this book is equal to receiving the weapons. The moment you get into prayer; you already get into fighting.

It can be frustrating to get into battle without weapons. This happens when the enemies attack and you don't know what to do. I have discovered that this is the reason believers run from prophets to programs, pillars to posts. Does that mean that you don't need ministers? No. The fact is that ministers of God are to equip you with weapons and train you on how to use the weapons.

Ministers of God should not be hired as prayer contractors to help you fight your battle. You should be equipped to fight any battle that arise against you. This doesn't mean ministers of God can't pray for you, but you have to understand that being equipped for battle puts you at a higher advantage against evil forces.

## **UNDERSTANDING THE NAME OF JESUS**

God has highly exalted the name of Jesus and at His name, all knees shall bow. The name of Jesus carries great authority and power that cannot be denied by any power of hell. The reason many command with the name of Jesus and seems not to get the supernatural result was because often times, they call His name out of ignorance. You can never call the name of Jesus from the realm of understanding and great things will not happen.

What is the understanding you need to have about the name of Jesus? The fact is that every time you call the name of Jesus, you are speaking as a representative of Jesus. In other words, you have to bear it in your consciousness that as you call the name of Jesus, whatever you say, it is Jesus that says it. If you say "in the name of Jesus, you devil, leave here now." You have to bear in mind that the statement you made is not from you, it is Jesus that made such statement. Every time you mention the name of Jesus, you have put on three things which are the identity, superiority and authority of Jesus. The moment I say in the name of Jesus, I have put on the identity, superiority and authority of Christ. That clearly reveals that whatever cannot disobey Jesus can never disobey me.

The moment you declare that in the name of Jesus, you have to bear in mind that you are superior to whatever you want to address. Evidently, since declaring in His name clothe you, you

have to know that your identity is no longer yours but His. When you say in the name of Jesus, whatever you talk to will not see you as human but as Jesus. I wish you understand that every time you say in the name of Jesus, you are indirectly saying to forces and power to behold the person talking and see that it is Jesus talking. Believers are fearful to address certain forces in the name of Jesus because they don't know that calling the name creates an exchange of identity – but the fact is that in the exchange, Jesus didn't take your identity, you are the one that take His.

How will you appear superior to forces and powers? The insight is this, when you command in the name of Jesus, you become superior to whatever you talk to. Jesus is superior to all. His superiority is vested in His name. Therefore, you become superior like Him when you speak in His name. Imagine, if you know that you are superior to anything you talk to in the name of Jesus, will you not be bold to talk to the devils tormenting and afflicting you, business, family and community. God has highly exalted Him above every name. So, when you command in His name, you are speaking from his exalted position.

Witches and wizards will be powerful in your sight when you don't understand the power and authority vested in the name of Jesus. At His name, every knees shall bow. At His name doesn't mean at the mention of His name. I know some Bible translations wrote "at the mention of His name" but the fact is that that is not what it really means. At His name simply means that anywhere He is seen in the universe, He must be recognized. It is that recognition that compels submission. Every knee shall bow means they shall submit to Him. By revelation, I understand that even if you don't mention the name of Jesus in your mouth, but sustain the understanding of His name, you can still exercise

authority over all forces that has name.

You must think regularly that you put on the identity of Jesus whenever you pray to God. When you pray to God in the name of Jesus, God doesn't see you as a man making a request from Him, He sees you in the image of His son. Praying to God in the name of Jesus positions you to be seen as a child of God. In other words, God will see you the same way He sees Jesus.

The next time you want to address any demon, principality or power, you must bear in mind that you are superior to such. Any time you declare in the name of Jesus, you are speaking from above and everything beneath has to obey you. One of the reason you get into fasting and prayers is so you can have more insight into the authority and superiority made available in Christ. For example, a believer reading this casually may not understand what I wrote here like another believer that is in a fasting and prayer mode. Yes, you will understand directly as you read. But fasting and praying have a way of causing illumination to break out to you.

Since you understand that praying in Jesus name will make God to see you in the image of His son, therefore, with this understanding, you should boldly approach God to make your request from Him. Any time you ask something from God in the name of Jesus, God will assume it is Jesus making such request from Him. And He can never deny Jesus of whatever He ask from Him.

Henceforth, you also know that when you command in the name of Jesus, you are talking with the authority of Jesus. That puts you in a superior status that can never be argued. In the name of Jesus, you are superior to all the devils in the world combined together. The next time a witch intimidates you, you will just laugh because you know that in the name of Jesus, you

are superior (more powerful) than such. Whatever evil is thrown towards you, you just have to command such to get away from you in the name of Jesus. The name of Jesus has been given to you, therefore, use it.

## **PRAYING IN UNKNOWN TONGUES**

I learned early that when we get into praying in other tongues, we utter words that addresses issues and matters we are ignorant about. There are many things happening over there in the invisible world that you don't know about. It is through unknown tongues that you search them out.

Your mind brings into your consciousness everything happening to and around you. But there are many things that your spirit is aware of that your mind is ignorant of. When you pray in understanding, you are simply praying about things you are aware of. But when you pray from your spirit, you utter words that deals with matters you are not aware of. You have to be intentional with speaking in unknown tongues frequently. As you pray the prayer points here, you have to speak in unknown tongues alongside it. As you pray in other tongues, the Spirit of God will take you further beyond the prayer point written here.

Your mind will be flooded with light as you pray in other tongues. Praying in other tongues will cause you to have insight into the unknown and your sensitivity is easily and speedily turned on to have a glimpse of what is happening. Remember that he that speaks in unknown tongue, speaks unto God. But beyond speaking to God, you also edify yourself. Many are fearful because they don't know how to build up themselves. Any time fear wants to set into your heart, get into praying in tongues.

## **THE ESSENTIALITY OF FASTINGS**

Adding fasting to your prayers will really make you effective in prayers. Fasting will not make your prayers effective, it is faith that makes your prayers effective. Fasting makes you fervent in prayers. I want to encourage you to read this book during fasting to be able to capture the parameters of insight here.

## DEALING WITH LACK

There are many things that can be lacking in a person's life. Some lack wisdom. That is why James counseled that if anyone lacks wisdom, such should ask from God who gives to all liberally (James 1:5). Paul spoke about the Philippians that they cared for him but they lacked opportunity (Philippians 4:10). There are people who don't lack wisdom but only lack opportunity. It can be frustrating to have wisdom but lack opportunity. That is the reason the preacher said the race is not to the swift nor the battle to the strong, but time and chance (opportunity) happen to them all (Eccl. 9:11). What many people lack is not wisdom, opportunity, connections, etc. what they lack is finance. Lack of money has moved many immature believers into backsliding state. Many visions have perished because of the lack of finance. Idea or vision itself will not get the vision off the ground without the input of money and heavy resources. Many potential people for greatness died in smallness because of lack of money.

Lack has become a pattern and cycle in many families and lives of people. It has gotten to the stage that many now see lack as a normal thing. They feel that is how God wants situation

and circumstances for them. Well, while I understand that instances for them. Well while I understand that certain things are processes. I also understand that some occurrences and experiences in the lives of people is the work of the devil.

There are two sides of lack. The first says that there is lack when there is not enough of something. The second says lack is none of it. Whether you have little or none, lack is still lack. Lack is synonymous to shortage and it is the womb of poverty. Lack gives birth to poverty.

If lack is a product of the stage you are, you can be rest assured that things will soon change. This is where patience comes in. I remember, when I got into full time ministry, there were days I had little on me, yet I never gave up but was assured that things would change. I knew early that it was because of the stage I was. Anyone in lack because of the level or stage he or she is need to learn the principle of management. With effective management, whatever you have will always be enough for you. Often, it is with effective management of resources that you will get yourself out of lack.

One day, I was praying and I saw a creature of about four feet tall. As I prayed in tongue, I noticed it goes and come back. I began to ask the Lord what that was and He said to me, "that is the spirit of lack." I was astonished because I didn't believe before then that there was the spirit of lack. First, I don't often agree with naming spirits with different names. Second I believe I am a new creation, so, the spirit of lack cannot affect me. But Immediately God told me it was the spirit of lack I saw, my understanding was opened to see that spirits were named after situations they create in the scripture. Jesus addressed deaf and dumb spirit because they made people deaf and dumb. Uncleaned spirit made people unclean. So, if a person is in lack

and such is caused by a spirit, that means that the spirit is a spirit of lack.

Everybody in lack don't have the spirit of lack- some are just going through a process of transformation or a stage of life. Yet there are people who are affected and afflicted by the spirit of lack. Many who think they are going through a process are unknowingly going through the attack from the spirit of lack.

You don't wait and expect this wicked spirit to go by itself, you have to get into prayers to get it away from you. For a believer, you cannot be possessed with the spirit of lack. But the spirit of lack can possess the things that belongs to you. When this happens, it will make the good things of life to get far from you.

As believers, the spirit of lack cannot be in you but can be around you, if you permit it. Many ministers have the spirit of lack around them unknowingly. This spirit won't affect you from getting spiritual things but material and physical good things of life. You may be getting revelation daily but lack money daily. Any suffering that is not based on persecution for your belief in Jesus shouldn't be permitted. Ignorance will permit the spirit of lack while annoyance will get you into actions to get it away from you. You have to be provoked within you not to permit lack in your life.

One time, Jesus asked His disciples an astonishing question. He said, *"When I sent you without money bag, knapsack and sandals, did you lack anything? So they said, 'Nothing.'"* (Luke 22:35). Jesus sent His disciples out and they lacked nothing. The question then is that why are some men of God genuinely called and sent by God in lack? It can be contradictory to discover that Jesus sent some and they didn't lack anything. And the same Jesus sent some today and they lacked. What happened? Well, I understand the place of season in the work of God. But I also understand

the works of the devil. When you see ministers of God who are in abundance, before you conclude that God blessed them effortlessly, you may need to search out their history. Many of these men of God were people who have wrestled and prevailed. They prevailed over all forces of hell and moved into the wealthy place. God can bless you too, but you also need to engage in the fight of faith and wrestle with principalities and powers that doesn't want you to enter into your abundant provision.

On the other hand, there are times a person lacks something not because of the spirit of lack but because God hasn't given it. A man can receive nothing except it is given to him. Whatever God hasn't given you, you will lack. In a situation that God hasn't given you a thing, you have to pray to God to be merciful to you and ask whatever you desire from Him. It is what has been given to you that the spirit of lack wants to resist you from getting.

You see, the spirit of lack will influence your mind to make wrong decisions that will end you in lack. One foolish decision can make you lose what represents your prosperity. This wicked spirit can also influence the heart of right people against you. The spirit of lack is the force of lack. Sometimes, you don't need to ask God for something, you need to resist the force that has taken over other things God has given you. Do you lack job, helpers, money, etc.? Then you've got to pray.

There are people who will collect salaries and not be able to point to what they did with their money. I know of a man who walked all his life, yet at old age couldn't point to a land he bought. Whereas, there are people doing the same enterprise that have three, four houses. What happened? The spirit of lack is at work. Lack won't stop you from working, you will not just have something to show for your work. If you desire to be really be elevated, you have to deal with lack. There are levels you can't

ascend to if you are in lack.

The way the spirit of lack overpowers people is that it will hinder them from accessing the right people who can uplift them financially. And even if they access those people, it will influence their mind to think and behave in a way that those people will eventually exit their lives. Sometimes, when you lose relationship with a person, you have lost prosperity. Sometimes, this spirit of lack often blocks the creativity of people from being creative with their budgeting and spending. Money can flow into your hand, but the spirit of lack will create unnecessary channel through which your money will be squandered. There is a place of budgeting, there is a place for prayers. If you understand financial planning very well, that doesn't mean you will end up channeling the money in the right direction. Weekly sickness is enough to get a person into lack.

Lack will bring you low. It will relegate you to the back. Lack is an entry point through which backwardness enters a man. If you are in lack, you will end up at the back. Lack will make you not to fit into your association of friends.

Some people need to break the pattern of lack in their lives. There are certain weeks of the month that some people won't have money. The civil servants have been deceived that it's normal not to have much in the middle of the month. Sorry, that's not normal. It's possible to have money weekly. You don't lack money because you've spent all your salary. You lack because the force of lack is afflicting you or because God hasn't added more to your life. If you notice that there are certain months of the year that you always lack, you have to deal with lack. Often, it is lack that get people into debt.

As a child of God, you should not lack. And when you find yourself in lack, there is a way out from scripture. Psalm 34:10

says *“The young lions lack and suffer hunger; but those who seek the Lord shall not lack any good thing.”* Do you see that? God didn’t want you to lack any good thing. So, if you lack any good thing, the recommendation from scripture is to seek the Lord for as long as you seek the Lord, you will receive from the Lord the good things you desire. You must always remember that it is those who seek that will find (Matthew 7:7).

Psalms 84:11 says *“For the Lord God is a sun and shield, the Lord will give grace and glory; no good thing will He withhold from those who walk uprightly.”* Having read this scripture, I questioned in my heart that why do many people who seemed to be walking uprightly lack good things. I later discovered that they many lacked good things because the adversary is against them and resisting their blessings from reaching them. It is time you arise to deal with anything that may want to hinder you from getting the good things God has designed for you.

Many families may need to embark on days of prayers together to pray these prayers because many families are suffering unknowingly from attack from the kingdom of hell. If you notice cases of consistent lack in your family – in the lives of your spouse, siblings, children, parents, and so on – you may need to send this book to them to also read it and pray the prayers there. For some, it may be your friend that will need this book. You will do well to get it across to him or her. It is time to deal with lack. You shouldn’t permit it in your life and space. Lack should hear your name and run away from it. Let’s do damage to the kingdom of hell and set yourself, family and finance free from the attack of hell.

# OWNERSHIP

I know of a man who ended his life in his father's house. He was born in that house, grew up there, married there, raised his children there and also died there. That man had nothing tangible except the clothes he wore. He wasn't lame or feeble. He worked for years but couldn't invest all the money he got into owning a property. What a shame! There are many people like this man in the world who worked all their lives but couldn't own a tangible property.

I want you to know that barrenness is not only lack of child. Lack of properties is also barrenness. If you don't have property you own, you are barren. Let me say it this way, if you don't have a landed property, you are barren. I know some may disagree with me, but that is the truth. There are people in their 40s, 50s, who have cars, electronic gadgets and so on, but don't have landed properties. The fact is that such are barren unknowingly to them. Some people are just so daft that they believe in luxury more than ownership. Luxury is good, but you should ensure you own your landed properties before you get into luxury. You may not have a house yet, but if you have a land, you are on your

way up.

The devil understand that you will enjoy comfort when you own your properties, and as such, he deploys all kinds of tactic to manipulate you from possessing your property. Too many glory in the comfort of where they rented that they are blinded to the fact that they are not the owner of the place. Your mentality has to be set early that you are working to acquire your properties early. You've got to change your thinking. You shouldn't be working for living alone, you should be working for ownership. You should always have a major property you want to get in a month or year. The moment you identify that, you have set the pace for yourself to channel your money and resources into something tangible. You can only be in control of what belongs to you. If you rent anything, the owner will always control you.

Psalm 24:1 says *"The earth is the Lord's and all its fullness, the world and those who dwell therein."* God is not just the creator of the earth; He is the owner of it. And as the owner, He can give it to whoever He likes. That is why Psalm 115:16 says *"The heaven, even the heavens, are the Lord's, but the earth He has given to the children of men."* God gave it because He is the owner. You can only give a property that you own.

One time, I looked at the life of a man and shook my head in awe. That man was a builder. He got contract for many houses but for some unknown reason, he didn't have a single house. That man would have helped in building over three to four hundred houses, yet he didn't have his own. How can you be building other people's houses and you don't think of building your own?

There are forces that resist men from having their own possession. They do everything possible to ensure a person doesn't move into ownership. Some people may find it difficult

to believe but that is the truth. Sometimes, these resisting forces to ownership are predominantly powerful in some families. They ensure everyone in a family don't have their own property and the ones that manage to have one often struggle to get one. These forces and powers have a way of limiting the productivity of people's creativity. You will give advice and suggestion that will help others to accomplish certain projects, but for some unknown reason, such advice that you gave that worked for others wouldn't just work for you. The question then is to find out what is responsible for this and the way out.

One day, someone told me about his predicament and I gave him certain prayer points to pray. Eventually, things begin to work out and in less than six months, that person moved to his house. What he couldn't achieve in more than fifteen years of his life, he accomplished in less than one year. But the fact is that that person engaged in warfare prayers. He resisted all resistance deployed against his life and work and conquered. And that is what you are about to do in prayers.

Many people who already acquire some properties are fighting cases at the court now. After they have invested money in getting somethings, then, the devil stirred up the heart of some unknown people and they begin to claim what belongs to them. Anyone in a situation like this need to see beyond the people fighting him or her to seeing the spirit, forces and powers influencing them. Whether you believe or not, some powers that wants you to lose what belongs to you can raise strangers to take what belongs to you.

You see, these resisting forces and powers are the ones responsible for abandoned projects. There are people who for unknown reason couldn't complete a project they have started few years ago. There are families who haven't been able to

complete their house after five, six, seven years. Ignorantly, some attribute the incompleteness to lack of money but if only their eyes could be opened, they will know that the money is not the hindrance, there is a spiritual resistance against what they are doing.

One time, we acquired some landed properties in acres somewhere. And because we were yet to complete the money, we failed to collect the receipt from the real estate agent. Then, one day, someone told me that the real estate agent was dead. I couldn't believe what I received until I later confirmed it. We attempted to get the lands but since we didn't have any receipt, there was no way we could get it. Someone may conclude that that is carelessness. Well, you may think so. But I remember that a few days before the incident happened, I saw a vision where an entity made us to lose something. I couldn't get the interpretation clearly until the incident happened about three days later. It was during this time I knew that there are forces and powers that resist men and women from possessing properties.

God must satisfy you with mercy early and you must own your properties early. It shouldn't take a longer time before you possess your properties. You have to possess it early.

## ATTACK

We are in a wicked world. There are attacks that come from the gates of hell and men. Jesus said, “... *I will build my church and the gates of hell shall not prevail against it*” (Matthew 16:18). There has to be a fight before one can prevail. Many people don't yet understand Jesus' statement. When Jesus said the gates of hell shall not prevail against the church, He meant that the gates of hell will launch an attack to fight the church but it will not prevail. The gates of hell signify the powers of hell (darkness). Any church that will not arise in prayer to exercise her God-given authority cannot defeat the gate of hell.

Many ministers need to understand that ministry is warfare. I have seen ministries and churches that close down. It's quite unfortunate that many ministers viewed such close down as lack of money, absence of right people or administrative weaknesses, but it's more than that. Often times, invisible forces of hell are responsible for the close down of churches and ministries. This is what young pastors need to learn early. Ministry is not first about getting a hall for gathering, it's about first prevailing over forces and powers from hell through prayers. Yes, Christ has

prevailed for us, but you need to get into prayers to enforce the victory. I have learned that praying churches are growing churches. It is in prayers that church leaders enforce immunity over their congregations.

Individual believers need to understand that it's of necessity for them to react against demonic attack. Many businesses are under attack today but the business owners have failed to see beyond the natural. What about families? Many are target of weekly or monthly attack, unknowing to them that evil programming has been successfully formulated over their lives. Prayerlessness will make you a prey in the hand of the devil. Yes, I understand that prayer must be backed up with understanding. If you observe a believer who has been praying for years but have nothing to show for it, often, it's because such person lacks understanding in one or some areas. That's why a believer shouldn't only pray but also try to understand the word and listen to God's guidance or voice.

Let me give this warning, a believer shouldn't base his or her life on dreams but you shouldn't discard all dreams. There are times that God will reveal what is happening to you through your dreams. Many victims of attack have been shown what is happening to them but are ignorant of what God revealed to them. I don't like to talk about the subject of attack in dreams because I have discovered that it has made many base their spiritual vitality and accessibility on what they see when they sleep. Well, that's not wrong but there are a lot more than that.

A believer needs to grow beyond receiving revelation through dreams. Sometimes, you can be misled by what you saw when you are asleep. In fact, the devil may manipulate you through dreams. Many are fearful because of what they saw in their dreams coupled with their current knowledge of God. Here is

it. The fact that the devil has manipulated many doesn't mean God can't show you things in your dreams. If God shows you something about someone in a dream, if that dream is negative, don't be in haste or rush to share it. I have learned that God shows you things about other people, sometimes not because He wanted you to talk to the person, but so you can intercede for the person. The next time you see something evil about someone in your dream, simply pray against such, don't rush to share it with the person.

Dreams don't have general interpretation, that's why you have to be careful of generalizing interpretation. Three people may see snakes in their dreams. To the first, the interpretation may be that Satan, the old serpent is after him. To the second, it may mean that witchcrafts (witches) are around the person. To the third, God may be communicating that there is snake around the person's environment or house. You have to be sensitive to find out whatever God is communicating to you. A believer who has grown doesn't need to give attention to all dreams. Some are empty and futile. Any dream that creates fear in your heart is not from God and as such, you should rebuke it.

Let me identify few attacks that comes in the dreams.

1) When you see cultists or thugs fighting and you are running for escape.

Insight:

You have to understand that all those people you saw as cultists or thugs are not human beings but demonic spirits that appears as human. You can't see a spirit in human realm without the aid of a body. In fact, you may see some familiar faces among those cultists or thugs, but you have to know that those you saw in the dreams are not the people in life. The demonic world only

borrowed the body of such people.

Anytime you have a dream like this, God is trying to show you that a spiritual battle is going on around you in the realm of the spirit. If you later see any of these cultists or thugs challenging or pursuing you, then, you should know that you are being confronted or pursued by an evil power in the realm of the spirit. You have to rise up in prayers to exercise your authority over these forces and powers.

2) When you see dangerous animals in your dream.

Insight:

In a particular season of my life that I really perceived was a breakthrough season for me, I had a dream one night. I suddenly saw lions surrounding me, I even saw one lion pursuing me. I attempted to move forward, then, saw lions at the door of the entrance I was heading to. I looked towards the fence and saw some lions there. I was overwhelmed and woke up.

I tried to find out from God what this dream meant and God enlightened me that I had entered a new level in the realm of the spirit and those lions I saw are the occupants of the new height I have ascended to. A natural mind would assume they were lions but a person with deep spiritual understanding knows that such are not lion but demonic spirits that are ready to devour. You see, every promise land has giants. The giants in the invisible world are spirits that can appear as human or animals. I had to get into prayers to rain destruction on all those lion spirits. Imagine a lion standing at the door. That's an evil power standing at the place of access to places and opportunity. If a business man wants to submit a proposal but noticed the secretary or Personal assistant to the boss is trying to hinder him from reaching the boss, that is to show you that a lion is standing at your door of

opportunity. So, you will discover that over there in the spirit realm, a lion stood at the door but that will translate to a person hindering you from the access you need in the physical. It is through prayers that you destroy all forces assigned to block your path. You have to command. Do you get that! You are to command them to leave your life or path. You may call down the fire of God to destroy them. You may declare that the angel of death strike them to death in Jesus name. This kind of prayers are not prayers you pray once and abandon. You should stop praying it only when you are convinced within you that they have been destroyed. And you know what? The moment you begin to exercise authority and rain destruction over them, things are already happening. Destroy your devourers.

### **THE LESSONS I LEARNED EARLY**

One attack can scatter what you have built for years. When an attack is launched against you, you may make one statement that will scatter all you have labored for. One attack against you can raise someone that will make certain statements and comments about you that will results in the loss of all you have. Many are in debts today because of one attack. Many businesspeople have lost their clients and customers because of one attack.

There are certain weapons of attack like arrows, bullets, etc. When an arrow is shot, it can result into sicknesses, evil thought in your mind, hatred, damage, etc. There is no arrow or bullet you cannot command to get out of you. All you need is to command every evil arrows against you to get out of you in Jesus name.

### **ATTACK FROM EVIL COVENANTS**

Covenants are agreements that are legalized with either an oath or blood. Anyone that's born into an idolatrous family is legalized automatically into the covenant that powers such family. The problem often is that the 21st century believers often listen to preachers whose grandparents and parents were Christians. These patriarchs have often broken all the evil covenants in the family. So, their children when given birth to will not come under those evil covenants but the covenant of Jesus' blood. When such children now grow to become preachers, because they didn't have certain attacks, they may not be able to understand this dimension. That's the reason I don't blame preachers who said a believer cannot be attack by any family powers or spirits. The reason for such is because you don't expect them to know it when they haven't gone through such or it hasn't been revealed to them.

Yes, believers should be taught their victory in Christ, but they need to exercise dominion over any evil power that may want to challenge them. There are people who have the patterns of certain sicknesses in their family. Often, evil manifestation that comes at certain months of the year are products of evil family covenants that the family ancestors have made with certain gods on some evil altars.

There are people that anytime they want to get to the next level of their lives, they will always see themselves going back to their village or primary/secondary schools in their dreams. Those who have visited their village before or grew up in the village may always see themselves in their village. A 21st century person who hasn't visited any village may always see himself or herself in his primary or secondary schools. Well, if this happens frequently, that is a sign of backwardness and you don't have to be fearful about that. You just need to rise to exercise your

authority over backwardness and prophesy your way and life forward. It doesn't take time to cancel effects of evil covenants over your life. All believers are in a better covenant now.

It's evil covenants that programs delay into the lives of people. There are individuals that anytime they want to do something great in life, that's when problems will start arising from the left and right. Such will have to arise in prayers to deal with such evil covenants.

## **PRAYERS**

1. Every evil covenants that brings generations in my family lineage to the same spots, I break you now in the name of Jesus.
2. Principalities and powers that are in force to attack me because of an evil covenants made in the past, I command you to get away from me forever in Jesus name.
3. I cancel every covenant enforce by an oath or blood in the name of Jesus. Only the new covenant is enforced in my life by the blood of Jesus.
4. Grace to become all God wants me to be, multiply upon me in the name of Jesus.
5. The blessings of God manifest in my life now. By the power of the Lord, I rise beyond limitation in Jesus' name.

## **TIREDNESS**

Sometimes, when you see a person who just get tired easily for unknown reason, it could be that an attack is against such. There are people whose body are under an attack. Sometimes, too much sleep is not because of laziness but for an attack. I

know of someone, anytime the person makes up his mind to do new things, that's when his right leg would start aching. And for that, he won't be able to do his task or carry out his plans. You see, if it happens once, it may be pain, but if it's consistent, it's an attack.

In a particular year that I made up my mind to do certain things at a high productive level, I just noticed that I was always tired and weak. In fact, I would sleep during the day. It was so frustrating until one day that I had a dream and saw a woman standing beside me in a white apparel. I had seen an angel before so I knew that wasn't an angel. When I woke up, the Spirit of the Lord enlightened me to know that that was the spiritual force that made my body tired. The following afternoon, I felt like sleeping, but this time, I stood up and began blasting in other tongues. As I kept praying, I felt a heavy weight on my head but didn't stop. I kept praying, in fact, at a time, I was almost dozing off. Suddenly, I began to command every evil force suppressing me to leave in Jesus name. As I continued, I felt something lifted off me. The sleep disappeared and the heaviness left. It was from that time I knew that many people who are always getting tired are under demonic attack that they need to resist in prayers.

## **PRAYERS**

1. My body, receive the abundant strength of the Almighty in the name of Jesus.
2. Whatever is injected into my body to make it weak or tired, I command you to get out now in the name of Jesus.
3. Lord, by your power, strengthen my bones and muscles. Make me high in energy and make me stronger in the name of Jesus.

4. Any power pressing me down, I overpower you today. I command you to get off my body in the name of Jesus.
5. You fowl demon of oversleeping that sits on my body when I sleep, I command you to get off my body now in Jesus name.
6. Every organ of my body, receive strength and become active regularly now. In the day and night, I shall retain and be full of strength.
7. The grace and strength for high productivity, dominate my life in Jesus name.

### **ATTACK ON THE BRAIN**

Do you know that some matters are not medical but spiritual? Many mad people don't have any brain deformity, a spirit has only taken charge of their brains. Some people don't need psychological therapy, what they need is the power of God. Some people can't just think straight, they have challenges with their mind. When a spirit takes over a person's mind, the person cannot think straight. Some brain defects are product of attack.

It's painful to be a forgetful learner. Forgetful learners will always forget information. Some people who forget information easily are attacked by the devil. This is not spiritualizing matters. Evil hands are on the heads of some people. The tragedy is that such hands can't be seen physically. Anyone the devil places his hands on his or her head cannot remember things. You may need to command every evil hand on your head to be cut off. If it's your child that has memory loss, you may need to command the devil to take away his hand off him or her and command restoration on his head.

Once in a while, there are people that suffers from memory

blank. They just go blank suddenly. Such may be in a discussion and will just get to a point that he doesn't understand what is being discussed for some minutes. Sadly, some of those people tend to assume it's a psychological defect, but understanding reveals that many of such are attack on the brain. It's time to get off your body and brain whatever is not created with you and whatever is not assigned to you by God. Students need to take this seriously. Parents need to get their children to understand this. You see, you must not fear the devil. The moment you exercise authority over it, take your mind off it and believe it's settled already.

Many people are slow at making decisions. The decisions they should make in a day can take them two weeks. They often couldn't reason out the way out to doing things effectively until a longer time. Sometimes, slow decision making is an attack on the brain. If you notice that you often take long weeks before you make major decisions in your life, you may later discover that an attack is on your brain. Attack on the brain often regulate controlled exposure. It affects your mind from being exposed to the right information and when you are exposed to it, you will not know how to apply it. Some may assume that is a matter of wisdom, but I have seen all kinds of issues in life. In an environment where witchcrafts prevail, you will see wise people helping others to advance in life through their wisdom, but they will not know what to do to advance in life. Anyone that suffers from brain block, that is, you are not able to see the way out for yourself needs an internal breakthrough in his mind. Breakthroughs are not about breaking physical walls, huge mountains, external barriers, but it is first about breaking wrong thoughts, images, decisions that have been constructed in your mind as walls and mountains. The walls and mountains

you want to pull down are not in the physical but in your mind. I want you to understand that whatever put those walls and mountains there in the first instance is an attack.

One day, I had a vision of sand in the brain of a young boy before me. I saw sand in his brain. That's wickedness. That boy isn't obedient to parents and elderly siblings. He dropped out of secondary school. He was sent to learn a skill, yet, he left there for another thing. Many saw that boy as a disobedient person, but I knew he was under an attack. It takes the power of prayer to be able to clean up the waste and sand in the brain of that young man. Anyone in such situation just need to pray that whatever has been put in his brain be cleared off in Jesus name. You must resist all attack against your brain.

## **PRAYERS**

1. The power of the Lord, touch my brain now. The light of the Lord (understanding), sit in my mind now in the name of Jesus.
2. The superior intelligence and inspiration of the Lord, fill my mind now in Jesus name.
3. Every evil hand that is on my brain that makes me blank suddenly and seasonally, I command you to be cut off in the name of Jesus.
4. My brain, hear the word of the Lord, I command you to be active now. My brain memory, henceforth, the power of the Lord touch you and remember all things in Jesus name.
5. My mind, receive the ability of God, think fast and make decisions fast in the name of Jesus.
6. Every mountain and wall that exists as wrong thoughts and decisions in my mind, break away now in Jesus name.

7. My brain be flooded with light regularly. You shall never be blank or dull in Jesus name.
8. My assimilation capacity increase now in Jesus name. Rise and grow beyond limits in Jesus name.

### **SPIRITUAL THIEVES**

There's someone I know, whenever he wants to execute some projects that requires money, he would notice his mother would appear in his dream to either spoil his phones or steal the phone. That continued for a long time until he was fed up. At first, he thought his mother was a witch, but by revelation, it was made known that his mother wasn't a witch but some evil powers only wear the image of his mother to perform the evil. That person needed to get into prayers to resist the work of that evil thief.

One time a brother told me he lost money regularly. He wouldn't just know the exact place he put his money. He needed to get into prayers to cancel the effect of such. There are people who noticed that for some unknown reason, their customers or clients no longer patronize them. Sometimes, it isn't lack of the creativity that caused that, but for some powers that have stolen their customers or clients. How do I know? Do you realize that some business people who are into the same business with you deploy some spiritual power to get customers and clients? Are you aware that those power only will only influence the customers and clients to patronize such business? How it happens is that the power goes in search for customers and clients of others to draw them to its human principal. Any power that draws what belongs to you away from you should be resisted.

## **PRAYERS**

1. All that belongs to me I take charge in Jesus name.
2. The protections and shield of the Almighty God overshadow all that God has given me. I shall not lose my children, spouse, money, customers and clients in Jesus' name.
3. The creative ability of God to retain and sustain all that belongs to me, I receive in Jesus name.

6. Spiritual thieves that manifest through human fraudsters, I command you to get away from me and my path in the name of Jesus.

8. Benefits and properties increase in my life in Jesus name. The grace and resources to possess more properties come to me in Jesus name.
9. Wave of miracles that bring about financial increase, I receive in Jesus name.
10. Multiple increase of favor that can be turned into wealth manifest in my life now in Jesus name.

## **ARRESTER SPIRITS**

There are forces and powers that arrest men on their way

forward in life. These arresters come as police men, soldiers or guard in the dream. When you see a police man in the dream, you have seen an arrester spirit. When a person is arrested in the dream, it translates into stagnation in the physical world. That person will not be able to think creatively. Often times, when these arresters appear to people in their dream, they either shoot them or take them into custody. When a person is taken into a custody in their dreams, often that translates into lack of progress in the physical. In other words, the person could be buying cars, building houses, but the things needed for greatness to manifest in his life will not be there.

If you are kept in prison by arresters, you will never be in places of favor. Most people who are heavily working but not visible are not necessarily in their wilderness but prison. Just as we have prison on earth, there are prison in the spirit realm. Many people are in prison unknowingly. One time, God showed me a pastor who was imprisoned. I saw that in a vision. See, it's not the spirit of that person that is imprisoned, it's the mind of such. Any pastor imprisoned by arrester spirits may continue to have revelation on earth but will never come into manifestation or make great impact. This is a matter that must not be taken for granted.

Anytime you have a dream and noticed you are apprehended by some police officers, you have to get into prayers to resist those forces. You have to command that all arrester spirits leave your life in Jesus name. If you notice you have been imprisoned or you notice you see yourself in a dark room or unknown room with some people, you have to pray yourself out of that prison or hidden places.

Most times, when you see people who think the same thing and same way for a long time, they have been imprisoned.

## PRAYERS

1. All hindrances and delays on my path to arrest my development, I command you to leave my path in Jesus' name.
2. Evil spirits and evil systems designed and assigned to arrest my progress, I come against you in the name of the Lord, be destroyed in Jesus name.
3. You foul arrester spirits plotting against the success of my life and business, I disrupt and destroy your plot in Jesus' name
4. Arresters that come as wasters of time, energy and resources, I come against you to leave my path and lose your power over me in Jesus' name
5. The hand of the Lord, come upon me now to bring me out of hiding into visibility in Jesus name.
6. My business, ministry and vision, I speak favor and light on you now, come out of hiding into manifestation in Jesus' name. henceforth, draw attentions from all corners by the power of the Lord.

revelation of speedy accomplishment to my generation in Jesus' name.

12. In the name of Jesus, the grace that escapes delay, arrested development and stagnation rest on my life.

## **SPIRITUAL KIDNAPPERS**

You know there are things you may read in this book and wonder if I actually wrote it myself. Yes, I wrote it. All these things are real and many are suffering from it. Spiritual Kidnappers deal with the heart of people. These are agents of darkness that are responsible for influencing the heart of a person negatively. These evil agents have been responsible for the separation of many families.

One time, a young boy suddenly started misbehaving to his parents. He wouldn't obey them; do household chores neither was he ready to be serious with his academic. His father beat him but he didn't change. God later revealed a vision to me where I saw that that young boy was kidnapped by a woman. They took him into a dark room and puts about four people around him to monitor him. I hope you know that by understanding, that woman and men are not human but demonic spirits that puts on human images.

What I did immediately I got that vision was to speak to the boy and told him to get into seven days fasting and prayers. He was praying in the morning and night. I gave him the prayer points to pray and encouraged him to pray in other tongues. Amazingly, everything suddenly changed for that young man. His understanding was opened to discern his wrong actions and new decisions to make. The young man suddenly had hunger for the things of God and prayers.

Many children who are misbehaving and disobedient to par-

ents have been taken by spiritual kidnappers. These kidnapper spirits will influence the hearts of children in a way that they don't want to hear anyone. They manipulate children by drawing their mind to the wrong things and deaf their ears to the right things. Many parents miss it here. Instead of them to get into prayers for their children and get them free from kidnapper spirits that have planned evil in their heart, they often resolved to beating their children. It is ignorance that make many parents beat their children. How do you expect a cane to deliver your children from kidnapper spirit?

It is time many parents get into prayers. They need to command every spirit influencing their children to leave them. The hand of the devil over your children should be commended to be taken away. As a believer, the devil around you is the devil you tolerate. You may need to get your children into fasting and prayers for three or seven days. As they get into the prayers, tell them to pray to God to create hunger in their heart for Him in their heart.

An insight the Lord showed me is that kidnappers spirit comes through friends. Over there in the invisible world, the kidnapper spirits are the influencers, but over here on earth, the kidnapper spirits will come into the lives of children through their friends. That is why, you don't just tell your children to stop walking with some friends. You have to get into prayers to separate them from evil friends. Some parents will even beat their children telling them not to walk with some friends again. You see, beating them with cane will work if they are not influenced by evil spirits in their heart. But the moment a spirit is involved, your cane can't generate any effect. I counsel parents, rather than beating your children with cane, get into prayers for them and also encourage the children to pray too. Your counsel to your children will be

effective after you have prevailed over their heart in prayers.

## **PRAYERS**

1. Evil spiritual kidnappers that are after the heart of my children, I command you to get away from my children (mention names) in the name of Jesus.

**SPIRITUAL WEAKNESSES**

Some years ago, I noticed I would press my phone for hours or even make conversations for hours without feeling tiredness or sleep. But the moment I made up my mind to pray, I would suddenly get tired. Many people don't know that that is a sign of attack over your spiritual life. Anything that can prevail over you in prayers has overpowered you. If you can be stopped from praying, you have been besieged.

Same thing happens with the word of God. Some people can't read the scripture beyond fifteen minutes without feeling sleepy. If you notice the desire to pray and study the word is no longer in your heart, then, you don't need to be told that you are weak spiritually. Some people will kneel to pray only for them to realize that after ten minutes of praying, they are already asleep. You have to rise against all form of evil that may want to overpower you in Prayers.

Let's identify few things the devil uses to weaken believers spiritually.

1) Sleep: It's often as though the devil injected some people to sleep. Like I have said, oversleeping most times can be demonic. In another way, I view it as though the devil blow wind over some to just sleep. When you get into prayers and you get to sleep frequently, you are subjecting yourself to more attacks by the devil. Yes, there are times a person can pray till he sleeps. Let's say, you have been in prayers for about six hours, you can keep praying there till you sleep. In another way, if you have stressed yourself during the day, you may get to see that you sleep early. There were times that I returned from traveling and I couldn't pray beyond ten minutes before I sleep simply because I had been stressed up. I needed to say this so you can know that a person can be stressed during the day.

The moment you notice that you always feel like sleeping anytime you think of praying or reading the word, just know that your spirituality is under an attack. Until you rise to fight it, you will suffer more from such.

## PRAYERS

1. In the name of Jesus, I command any force and invisible power trying to force my body to oversleep to leave me now.
2. Spells and weight cast on my body to make it weak and sleep in the hour of productivity, I command you to lift off me now in Jesus name.
3. Heaviness on my head that makes my head and eyes heavy, I react against you now, get off my head and eyes in Jesus' name.
4. All evil hand that come in the morning or noon to press my body down and create regular disorder in my body system, I come against you in the name of the Lord, get off me now and be cut off in the name of Jesus.
5. Weaknesses and weariness that are shot as arrows or bullets into my body, I command you to get out of my body now in Jesus name.

2) Distraction: Your phone, friends, internet, co-workers at work may be your distraction. If your phone hinders you to pray or read God's word, then, you have entertained distraction. Your mobile devices should be a channel to read your scripture, listen to messages, and also post spiritual contents on the social media to bless others around your circle. Friends are the distraction of

some. Their friends can visit them to waste their time. You have to boldly resist anything that will affect your prayer and word life.

#### Recommendation:

To deal with sleep and distraction, there is need to give yourself to fasting and praying. The moment you notice you are getting distracted through abnormal things or oversleeping, you have to give yourself to fasting and prayers. It is through fasting that you weaken your flesh and permit your spirit to take over.

#### **PRAYERS**

1. All distractions assigned to weakened my spiritual life, get off my path and life in Jesus' name.
2. By the power of the Lord, I become stronger than all distractions on my path in Jesus name.
3. Agent of distractions sent into my life to disorganize my focus and consistency, I come against you in the name of the Lord, leave in Jesus name.

7. The divine ability of the Spirit that helps a person remain

focus and consistent in spiritual activities and responsibilities, multiply in my life in Jesus name.

8. Hunger for God and the things of the Spirit that cannot be quenched by any human or carnal activities, take over my heart in the name of Jesus. Lord, create hunger for you in my heart.
9. The ability of the Spirit that conquers hunger in the times or seasons of fasting, multiply in my life in Jesus name.
10. Grace to labor effectively and to carry out all God has for me, multiply in my life in Jesus' name.

3) **Sicknesses or Diseases:** There are sicknesses that affect doing spiritual things in an effective way. Sicknesses are what you need to fight to resist spiritual infertility. You will need to resist all forms of sickness and pain that may affect your health. You will be comfortable to read, pray and study more when you are healthy. The moment you spot any form of sickness, you have to react against it.

One time, I noticed I was having difficulty in breathing. I knew I wasn't asthmatic neither do I have any disease. So, what could have been responsible for that? That continued for a long time as I expected it to leave by itself but it didn't just leave or heal. It really affected me to the extent that I had avoided preaching on many occasions. Sometimes, I would have to mumble in prayers because I didn't want to pressure my heart. One day, I was deep in praying in unknown tongue and the Spirit of God began to connect different dreams and views in my heart as I was praying. Let me counsel you that you should always pay attention to the images and thoughts that come to your heart when praying in unknown tongues. God often times sends reply of your tongues to you that way. In fact, interpretation of your tongues come

that way.

As I continued praying, I remember I had a dream sometimes ago where I saw a serpent and also something like a boil in my chest. Now, when I woke up, I didn't take the dream seriously, I just discarded it. I have learned not to depend on dreams or base my life on dreams. I believe and depend on the word of God. And coupled with the fact that when I woke up physically, I didn't see any boil in my chest, so I just discarded it. But as I kept praying that day, the spirit of God brought back the memory of that dream and enlightened me that the cause of my sickness was an attack against me. I was enlightened by the Spirit of God that there was a spiritual poison that has been injected into my body system. Immediately, I began to pray in understanding and commanding every poisons in my body to be cut off and dissolve. Something unusual that has never happened to me happened that day. As I kept praying I suddenly noticed my body system began to vibrate and I felt like vomiting. I went into the rest room and spit out the saliva. I went back into prayers again, and felt like vomiting again, I went again into the rest room to spit out the saliva. Every time I attempted to vomit, it was saliva that came out. Now, I have cast out many demons in people but I don't like to see saliva. But I remember that I know of a ministry that whenever the minister conducted deliverance, some of the delivered often vomit things out of their mouth. So, it was the picture of that deliverance style that came to my heart that day as I vomited the poisons that had been gotten into my body. And from that time, I was relieved and delivered of all pains and sicknesses.

Many people that have stroke are under attack. In fact, there are people who cannot walk or move their hands at all. Much of these are product of spiritual attack. If anyone suffering

from stroke can get into prayers and command whatever power has weakened the legs to get out and pray that the Lord should strengthen the bones, you will see what will happen. One time, I saw in a vision a man who couldn't walk was on the floor and a wicked spirit placed its leg on the legs of that man. There is no x-ray that can reveal that. In other words, that man couldn't move his legs because a powerful but wicked spirit placed its leg on his legs. It is in prayers you exercise authority that all evil legs on your legs be cut off in Jesus name.

One time, I cast out the demon of epilepsy out of a man. But I knew that it was an attack inflicted by someone on that person. It was later the Spirit of God revealed to me that it a witch that was responsible for that. You see, there are matters that doesn't need prayers, we only need to cast out the demons there. After about two weeks, I heard a dream where I saw some people gathered discussing somethings but I couldn't hear them. Suddenly, I saw myself lying down on the bed and a heavy drum was placed upon my two legs. I tried to move my legs in that dream but couldn't and I started shouting in the name of Jesus my leg move. Then, I woke up. As I opened my eyes that midnight, something mysterious happened. My legs became heavy; it was with force I moved it. I stood up to urinate, but noticed it was with force I moved my legs. When I got back the bed, I sat down and began to think what would happen to me if my legs were paralyzed. I thought about many things and the limit that would create. Suddenly, light from heaven broke out to me that thinking won't change anything, I had to get into prayers to enforce my wish. I began to pray, placed my hands on my legs and began to rebuke all evil objects placed on my legs to paralyze it. I did that for about twenty minutes and slept back. By the time, I woke up, I felt a little relieve but could still feel the heaviness. I didn't

bother to pray this time around again for I had prayed and I knew my prayers had been answered. So, what I did was to start singing and dancing. I began to walk in the consciousness of my victory over the attack and the next day, all was over. I shared all of these so you can know how to deal with spiritual attacks when they come.

If you see yourself in the dream eating and drinking, you may not bother your mind. But the moment there is a witness in your spirit that evil things has been penetrated into your body through what you ate, you have to arise in prayers and rebuke the effects of such. Many stomachache, pains in the chest or belly, headache that are consistent are results of what was eaten in the dream. The day you deal with those poisons, the regular pain will disappear. Your prayers should be that any poison that has been given to you in the dream to eat should be destroyed and have no effect over your body. You should place your hands on your chest, stomach, heads and other parts that you are moved to touch and declare that any evil there that has been transferred into your body system through dreams should get out of your body now.

Let me explain a mystery to you. Most of the things that people eat in their dreams are blood. Yes, you may see yourself eating rice and drinking wine, but it is blood. Here is it, witchcraft powers have a way of penetrating evil into the body of people through food. What they are actually supplying is not the food but blood. Just like when you take the bread and wine during the Holy Communion and you believe that you have taken the body and blood of Jesus, so also, when people eat in their dream most times, they are simply eating blood. Food is one of the ways through which diseases are transferred into people's body.

By the revelation of the Lord, I have discovered that sicknesses

like asthma, cancer, fibroid, migraine, high blood pressure are often transmitted into people's body, blood system by witchcraft powers through the food people eat in their dreams. I have heard preachers who said believers shouldn't bother about what they eat in their dreams. I also believed and preached that for a while until the Lord enlightened me. Well, I got to know that you don't expect a pastor or teacher to preach or teach like an apostle. Their line of assignment is different. Now, you must not give much attention or celebrate food in the dreams as a big thing. You must grow to the level that you treat it as a trash. The moment you notice you eat in the dream, deal with it instantly when you wake up. It doesn't take time neither do you need to declare fasting for it. No! All you need is to exercise authority over it and make it of none effect over your life. How will you do that? Like I said, just declare that in the name of Jesus, whatever evil thing that have come into my body in the dreams, I command you to be destroyed and get out of my body now in Jesus name. The moment you are done with this command, thank God for the victory and take your mind off it. You see, the reason many teachers and pastors teach that believers should get their mind off what they ate in their dreams was because they noticed many were occupied with thoughts of the dream they had and what they ate. That teaching was an attempt to get believers to focus their mind on God and their daily activities which is good. The only aspect they didn't touch was that they failed to acknowledge that there are spiritual food poisons that comes through dreams and didn't teach believers how to deal with that. If you notice that eating in the dream is consistent for you, you may have to command destructions to come on all powers manipulating you in the dream. In this case, you may have to prepare your mind for days of prayers because the

moment you destroy, forces and powers will come against you for you have judge and kill one of them. You don't have to be fearful as you may now begin to have strange dreams. You have to be confident in the Lord and request that the Lord should be with you. In this kind of warfare, you may declare fasting for yourself, then, get into praying morning and night, then, get into reading the book of Job and Psalm. The reason for these two books is because they are the books that mirrors the warfare dimension of Job and David. Both were attacked to and they made some prophetic statements which you will have to trust the Lord to enlightened you to see how it relates to you. When the battle becomes intense, you have to run to the Lord. You run to the Lord when you run into prayers and scriptures. Prayers and scriptures are secret place of refuge. And the fact is that you increase in spiritual ranks by the battles you have conquered.

Anyone that sees a person, masquerade, snake, lion, witch, etc., pursuing him or her in the dream doesn't need to fear when he wakes up. What you saw was an awareness of an attack. You don't have to fear. In fact, you may need to laugh over it first. Do you know laughing is a spiritual element that puts you in position to mock your enemies and attackers? When the nations and kings gathered and conspired, scripture says "He (God, the believers in Christ) that sits in the heavens shall laugh. Sometimes, when you sense an attack, you should first laugh. Laugh dissipate fear. You can't laugh and be in fear of what you laughed over. So, the moment you wake up, laugh. And say *"thank you Jesus for the victory you have given me. Glory to God. I cannot be attacked and whatever is pursuing me will run in vain. Whatever is pursuing me has lost already before it began. There is nothing that pursues Jesus in the heavenlies that can reach Him. So, there is nothing that pursues me that can reach me. In the name*

*of Jesus, I command everything pursuing me to fall now. Fall for my sake. All my enemies fall and stumble. As you fall, you shall not rise again. I walk in victory over all devils and therefore, I am untouchable.”* Let me tell you, you cannot talk like this and not walk in victory. That is not possible. You don’t have to engage in fasting and prayers for days to deal with attack again. Deal with it immediately when you wake up and praise God for the victory. You should fast and pray to know the Lord more, not to deal with spiritual attack. You should just ensure that you command the fall or destructions of whatever attack or pursue you.
