Author's Note

This book is written in the simplest way. Actually, it was written to teach those who are not that vast in vocabularies. As you read, you may wonder why simple words were used. It is an attempt to communicate an insight in a way that a not too educated person will understand.

Understanding the Basics

THE COMPARTMENTS OF MAN

The subject of supernatural dream is one of the topics that is not yet addressed thoroughly in the body of Christ. This book will make you to be able to differentiate the dreams that are from God from the ones that are from yourself. It will deliver you from several erroneous views about dreams and will help you separate supernatural dreams from mere dreams.

1 Thessalonians 5:23

[23] Now may the God of peace Himself sanctify you completely; and may your whole spirit, soul, and body be preserved blameless at the coming of our Lord Jesus Christ."

The above verse identifies the compartments of man. The scripture clearly identifies the compartments of man as – spirit, soul and body. Some people

opined that “man is a spirit; he has a soul and lives in a body”. Some others said, man is a man, he has a spirit, soul and body.

2 Corinthians 4:16(NKJV)

[16] Therefore we do not lose heart. Even though our outward man is perishing, yet the inward man is being renewed day by day.

2 Corinthians 4:16(TLB)

[16] That is why we never give up. Though our bodies are dying, our inner strength in the Lord is growing every day.

What Apostle Paul simply meant by the outward man is your body. The living Bible identifies the inward man as the human spirit. As long as you are human, you have both your inward man and outward man. Your inward man is your human spirit while your outward man is your body.

1 Peter 3:3-4

[3] Don't be concerned about the outward beauty that depends on jewelry, or beautiful clothes, or hair arrangement.

[4] Be beautiful inside, in your hearts, with the lasting charm of a gentle and quiet spirit that is so precious to God.

Apostle Peter admonishes wives not just to adorn themselves toward their body but seek the adornment of the inward person of the heart. Who is the inward person of the heart? The inward person of

the heart is simply the you in your human body.

You need to get this; If the body is being identified as an outward man, then what is the soul? Is the soul also a man? Well, I need you to understand that the soul is not a man. Your soul is just a machine that can be used for certain function by your inward man and outward man. Both your human spirit and body will always need your soul to function effectively on earth. Every man has a soul. Your soul is for usage by both the inward man and the outward man.

DIVISIONS OF YOUR SOUL

It is essential you understand that your soul is vast in functions and has certain divisions. Your soul can be divided into three. Your soul has

1. Your Mind
2. Your Will
3. Your Emotion

Insight into the Human Mind

The human mind reside in the human soul. The mind has three functions which are

1. The Intellect – this is the faculty responsible for your reasoning, thinking, reading, etc.
2. The imagination – your imagination is in your

mind. It is with your imagination you are able to visualize and travel ahead into the future. Just as your body has eyes, imagination is the eyes of your soul. It is with it you can see the invisible.

3. The memory – your memory is for storage. This is where information are stored. What you read, learn and saw are directly sent into your memory for storage.

Insight into the Human Will

Your will also dwells in your soul. It has been known as the seat of decision. But the human will is beyond decision. The human will also has three functions which are:

1. Decision – it is this part of your will that make the final conclusion on what should or will be done.
2. Acceptance – this is the part of you that accept to do what you are told or what you decide.
3. Rejection – this is the part of you that turn down what is offered or given.

Insight into the Human Emotions

Well, EQ experts will be able to technically talk

about this. But let me share the insight I want you to get about it. The emotion in your soul has three things:

1. Feelings – your feelings reside in your emotion
2. Reactions – the reason you react is because you have emotion
3. Sex – the reason you want to have sex is because you have emotion. You may have the sexual organ in your body, if soulish emotion isn't there, you can't use your sexual organ.

YOUR MIND IS A SERVANT TO YOUR SPIRIT AND BODY

When you sleep at night, it is your outward man that sleeps not your inward man. In other words, it is your body that sleeps at night not your spirit. In order for you to know who is knocking at your door, your body needs to be active physically. But when you are asleep and you begin to see certain pictures, it wasn't your body that was actively seeing that, it was your human spirit.

For example, if you close your eyes and begin to imagine certain things, you've got to know that it is your outward man that is visualizing that through your imagination. But when you sleep and have a dream, it is your inward man that begins to see those

things. Your inward man has the capacity to view things. The moment you go to bed to sleep, you have lost consciousness of your environment. If you now see yourself going to some places, discussing with some people, this is what is called a dream. The part of you that sees things when asleep is your inward man. The face of your body is the face of your spirit. You have to know that your spirit also has a face. God designed the face of your body after the face of your spirit. I hope you know that the exact picture of your outward man (body) is the exact picture of your inward man (spirit).

When you see yourself in your dream or sleep, it is your inward man that you see in your dream not your outward man. It is your spirit that talks with people in your dream because your outward man is sleeping.

WHAT IS A DREAM?

A dream is an activity of your inward man (human spirit) which occurs in the sleep mode of your human body. When you sleep, your body sleeps. If you now notice that you are actively doing some things in your dreams, those activities are the activities of your human spirit. So, those activities are referred to as dream.

When you dream, your intellect is at rest as it is in a rest mode but your imagination is at work. In

your sleep, the part of your mind that rest is your intellect. The reason your imagination is can be at work during your sleep is because your human spirit may want to use it.

Human spirits don't die when a person dies. No human spirit die as termination. The absence of the inward man in the human body is what we call death. So, while your outward man is sleeping, your inward man make use of your imagination.

TWO FACTS ABOUT DREAMS

There are two facts you need to know about dreams. They are the following:

1. The imagination of your spirit.
2. The revelation to your spirit.

Most people think it is only at night that they can have dreams. No! Anytime you sleep and you begin to see some things in your sleep, that is called a dream. You can have a dream in the afternoon. As long as you sleep, whatever you see during that time is a dream. It doesn't matter if it's in the morning or evening. Every man, both believer and unbeliever have a spirit. The reason you are still alive as a man is a sign that your spirit is in you.

James 2:26

[26] Just as the body is dead when there is no spirit in

it, so faith is dead if it is not the kind that results in good deeds.

The reason people die is because their spirit left their body. And if people will come back to life, their spirit need to return back to their body. Every man walking on the face of the earth has their spirit in them.

Most people always say, at the fall of man, the spirit of man died. They said it was commanded that the day the first man eat out of the tree of the knowledge of good and evil, he shall die. They said the death God referred to was the death of the human spirit not the death of the physical body. That is not correct because when Adam fell with his wife, his spirit did not die because human spirit can't die. What only happened to him was that his spirit was dead to God. He could not access God again.

Ephesians 2:1

[1] And you, He made alive, who were dead in trespasses and sins,

The Bible says, He us made alive. God has made us alive as believers to God. Not that He made our spirit alive to live on earth. The spirit of every sinner, every man on earth is within them. The only thing is that their spirit is dead to God and every believer's spirit is made alive to God.

And if we accept the fact that the spirit of every man is alive, hence we know that the spirit of

every man can always use the mind. Therefore, in regards to dreams, the imagination of your spirit is what your spirit produces and revelation is what your spirit receives. When you have a dream, it is either the imagination of your inward man or the revelation to your spirit. If it is an imagination, it was produced by your human spirit. So also, if it is the revelation, it was received by your human spirit.

IMAGINATION OF THE HUMAN SPIRIT

Ecclesiastes 5:3

[3] For a dream comes through much activity, And a fool's voice is known by his many words.

When the Bible records that a dream comes through much activities. That shows that a person may have a dream that is not from God. Many attack seen in dreams are products of activities. Any dream you have that is not from God is a product of your imagination.

MAN CAN ALWAYS GENERATE DREAMS FOR HIMSELF

The dreams man generate comes as a result of his activities. What are those activities; they are thoughts, actions, imaginations, desires, conversations, plans, counsel given to you, works done and many more. All these activities are stored in a part of the mind called memory. Your spirit - inward

man always have access to your memory, even when your body is sleeping. The memory is in your mind. All the information, activities and thing you have done are all stored in the memory part of your mind. These activities are there and your spirit man has access to them any time and any day, including when you are asleep. When your outward man (body and senses) dwells much on activities, it doesn't matter whether the activities are positive or negative, your inward man receives it and begins to program it.

Your mind always visualizes information, think about it and save it. Your spirit has access to your mind while you are sleeping. When your spirit begins to use your imagination while you are asleep, then, a dream may be generated. Your inward man has the ability to receive things that your outward man has produced regularly.

PSYCHOLOGISTS POSITION ON HUMAN MIND

The psychologists have been able to identify the conscious and subconscious part of a man. They have identified three kinds of mind - the conscious mind, subconscious mind and supra conscious mind. They refer to the supra conscious mind as the universal mind. The universal mind is what many refer to as God. They refer to the subconscious mind as the part of man that receive information from the

conscious mind and later send that information back to the conscious mind. But what they refer to as the conscious mind and the subconscious mind is not found in the scriptures. What we find in scriptures is the inward man and the outward man.

What they refer to as the conscious mind is what the scripture refers to the outward man and what they refer to as the unconsciousness of man is what the scripture refers to as inward man. What they call the subconscious part of man is what the Bible refers to as the inward man which is the human spirit. Psychologists don't know what is called human spirit. They don't know that man has a spirit.

WATCH WHAT YOU REPEAT

Apostle Paul said "I will pray with my spirit and with my understanding also". This means that your spirit can pray. What Psychologists refer to as the subconscious mind is referred to as the spirit of man.

The Psychologists believe that whatever you say consistently will be absorbed and received by the subconscious mind. It is established that the subconscious man doesn't have a mind of its own, it cannot think but it only receives things sent to it and program it.

Whatever you say often, your spirit man will receive as the reality. Whatever you imagine regularly, your spirit man receives as reality. And that's an

aspect every man needs to understand.

Those things you do regularly, see often, do often, those are the things that the preacher referred to as the things that produces dream. In other word, dreams come through many activities. They are things that your spirit has been able to captured. Once your spirit captured certain reality through repetitions, when you go to sleep, your spirit will try to imagine those activities, and when it does, you will see it in your sleep and that is when you have a dream.

MAN CAN PRODUCE DREAMS

You can produce dream. It is not all dreams that are from God. Some are product of the signal your spirit has picked. The signals are then sent and therefore has the ability to produce it back to you.

Let me give this example, a brother told me sometimes ago that he wanted to go and propose to a sister and I said why do you want to go for this person? He said that is who God showed him. But now, I understand that those kinds of things can be a mere deception because, if a guy or a lady thinks about the other person consistently, you will develop love for the person. You will feel the person is your partner whereas you visualize and imagine it. Your spirit man is picking those things as you're thinking about the other person. One day, you are going to

have a dream that you will see both of you walking down the aisle in church, putting on the wedding attire. The reason for such is not because God showed you but because you have thought about it over and over and your spirit man have picked it and visualized it.

Your spirit man uses your imagination to do a replay of all the activities you are imagining, and when that happens, then you have a dream. Of course, I know there are people that married each other and it was God that showed them to each other. I just want believers to be careful not to be deceived by a dream that is a product of repeated thinking and imaging.

I remember vividly that my mom told me that she had seen my dad about a year before they met each other. She saw him in her dream but she had never seen the person before not until after some months that my dad went to visit his elder brother and while he went to visit his elder brother, my mother just saw his face and she remembered the person she saw in her dream and that was how they got connected. In this instance, it was not as though she had seen him before, she hasn't, so when she had the dream, she knew it was from God. However, in a situation you have seen the brother you love, just because of the way he used to talk, and you now begin to think or wish you can get him, one day you will

dream of him, because you're producing that activity through your repeated thinking. That was how many claimed God had shown them their spouses through dreams without knowing that they God such dreams because the image and certain activities connected to who was seen had been repeated over and over.

DON'T FEAR ATTACKS

When you see people who always fear attack, one of the things I have noticed about these people is that they often have a dream of attack.

People who always say they are attacked are people who are always attacked in their dream. It is not as though they are attacking them, it is that, the activities of attack are going on in their mind. Consistently, their outward man has been filled with wrong information that make them to fear attacks.

Wrong information that has told them that if you see this kind of thing, it is an attack. So that information is in their mind and they are always thinking that a day will come that they will have that thing. They will have a dream of an attack, and they will think an attack actually came without knowing that their spirit man only uses their minds to just visualize things that has been sent to it consistently and regularly. However, most of them don't have attack, the only attack they have is ignorance. They

have been filled with wrong information, believed that information and they are trying to get that information out of them.

Most of the time people don't have attack, what they only have is the imagination of their human spirit. Also, if you see someone who is always fearful about little thing, listen to the dream they share, they are always sharing how they are fearful in their dreams too. Much activities, things you think or visualize, will always turn to become a dream for you.

Jeremiah 29:8

[8]For thus says the Lord of hosts, the God of Israel: Do not let your prophets and your diviners who are in your midst deceive you, nor listen to your dreams which you cause to be dreamed.

REPEATED ACTION PRODUCES DREAMS

Sometimes when you dream some dreams, you were the one who caused those dream, not God. You have the power to cause a dream, and how do you put the power to work? It's by getting engage in much activities. The activities mean repeated action. That is, what you say or think, when you repeat it again and again, it will produce a dream one day.

You are created with the power to produce dream yourself. I told some people sometimes ago, I said if I want to produce some kinds of dream, I can produce

it. They laughed but that is a fact. I know the easiest way to do that is to produce an action or thought repeatedly.

When you talk failure consistently, you will end up having a dream of failure. Repeated action always causes you to produce dreams. And if you don't want to produce dreams but receive from God, you have to be very careful of the things you repeat consistently.

DREAMS EMANATE FROM WHAT YOU HEAR

What you hear can create your dream. That is the reason you should be careful of listening to other people's experiences. If you hear what happened to another and you think of such often, such may form a dream for you one day. You have to be very careful.

DREAMS EMANATE FROM WHAT YOU READ

What you read often will always cause your dream. Some people only read novels all their lives. I am not saying it is not good. All I am saying is that, if that is what you read often, you will realize that you will begin to have some dream that are related to some of the actions you read in those novels because that is the activity you engaged in.

DREAMS EMANATE FROM WHAT YOU SAY

What you say often will cause your dream. It has

been established that you have the power to produce dream. You have to be very careful of what you say. Don't just open your mouth to talk. Too many people are careless with the way they talk.

"They say I am sick, this is the way I'm feeling all the time". Since you are saying that, you will have a dream that you are sick. You wake up and say "I've been feeling somehow; it is not a surprise because God has revealed it to me". Why will God reveal such a thing? You mean God can't reveal better thing to you than you being sick. You don't know that it's what you have been repeating consistently that formed your dream. Your spirit man now sees that you have been affirming it, then uses your imagination to visualize it and have a dream of you being sick and you wake up saying is it that God is showing I'm about to be sick? God is not showing you. It was your spirit man that produces that imagination.

You have the power to control dreams. You have the power to stop having negative dream. And how you do that is controlling what you say, don't talk anyhow. One of the reasons babes in Christ need to be taught the word of God is that, it will help in talking and thinking right. So, what you say will always affect or cause your dream and what you think regularly will always cause your dream.

Revelation of the Spirit

Your dream can be a product of revelation from the Spirit of God. I said not all dreams are from God but some are from God. Dreams that are from God are known as supernatural dreams.

PEOPLE WHO GOT SUPERNATURAL DREAMS IN THE BIBLE

1. Abimelech

Genesis 20:3,6

[3]But God came to Abimelech in a dream by night, and said to him, “Indeed you are a dead man because of the woman whom you have taken, for she is a man’s wife.”

[6]And God said to him in a dream, “Yes, I know that you did this in the integrity of your heart. For I also withheld you from sinning against Me;

therefore I did not let you touch her.

The Bible says, God came to Abimelech in a dream by night, in other word, he was on bed sleeping when God came to him. That is not a function of the imagination of your human spirit. The Bible says, He came to him in a dream by night and the part of Abimelech God came to was the inward man, the spirit man of Abimelech.

After the fall of man, the spirit of man did not die, it was just dead to God. Man could not relate with God because God sees man from afar, and he has yielded to government of satan but we know that God still relate with men and He does that through dream. God communicated to the inward man of Abimelech.

2. Laban

Laban is another man that got a dream from the Lord.

Genesis 31:24 -But God had come to Laban the Syrian in a dream by night, and said to him, "Be careful that you speak to Jacob neither good nor bad."

The above scripture shows that God came to Laban in a dream by night. The dream that he had wasn't from his imagination, not a product of any activity, it was a revelation from God that produced it. God came to him and gave him instruction.

3. Joseph, the Husband of Mary

Another man was Joseph the husband of Mary. Mary was the mother of Jesus. Joseph wasn't the father of Jesus. God was Jesus' father. Jesus had no biological father. They needed to identify someone as his father, so he won't be called a bastard but we know that Jesus is the son of the living God.

Matthew 1:20 -But while he thought about these things, behold, an angel of the Lord appeared to him in a dream, saying, "Joseph, son of David, do not be afraid to take to you Mary your wife, for that which is conceived in her is of the Holy Spirit.

For Abimelech and Laban, the bible records that it was God Himself that came to them and appeared to them but here it was an angel that spoke to Joseph.

4. The Wise Men

The wise men also; the Bible didn't call them *three* wise men; these men were warned by an angel of the Lord in a dream not to return to King Herod. God communicates through dreams.

5. King Solomon

1 Kings 3:5 - At Gibeon the Lord appeared to Solomon in a dream by night; and God said, "Ask! What shall I give you?"

After king Solomon sacrificed to the Lord, the Lord was happy and He decided to do something.

God appeared to people – Solomon by night and He made his request known to God.

6. King Pharaoh

Pharaoh's dreams were from God and he was a gentile king, not an Israelite, but God chose to communicate to him through dreams about the coming famine.

7. King Nebuchadnezzar and Daniel

God communicated to Nebuchadnezzar. Daniel saw many dreams. Most people don't understand some things about Daniel. It was Daniel that showed us that God can reveal what He had revealed one to another person.

Daniel 2:19 reveals "Then the secret was revealed to Daniel in a night vision. So Daniel blessed the God of heaven."

When the Bible says "in a night vision", it means dreams. Night vision means dreams that are seen in the night. The secret was revealed to Daniel not through an open vision but through dreams. God communicates through dreams. He shows things through dreams.

GOD REVEALS DREAMS TO PEOPLE

Numbers 12:6 -Then He said, "Hear now My words: If there is a prophet among you, I, the Lord,

make Myself known to him in a vision; I speak to him in a dream.

The Lord came down saying, hear my word, “if there is a prophet among you, I the Lord make myself known to Him in a vision, I speak to him in a dream.” You realize God speaking, saying He speaks to prophet in a vision and dream. God doesn’t just speak to ordinary men in dreams, He spoke to notable men like Pharaoh Nebuchadnezzar, Laban, Abimelech. And God showed them dreams, so we assume it was ordinary men, mere men God showed dreams? No! The Bible recorded that God spoke to prophets through dreams. One of the ways prophets get to hear from God in Israel was through dreams.

1 Samuel 28:6 - And when Saul inquired of the Lord, the Lord did not answer him, either by dreams or by Urim or by the prophets.

One of the way people get answers is through dreams, asking God what will happen after now. Should we go to war? What is this? What are you trying to do? One of the ways through which God will answer you is through dreams. Let me also emphasize that when God gives dreams, He doesn’t give it to scare you. God isn’t a wicked God.

Job made a statement in the book of Job 7:13-16
“When I say, ‘My bed will comfort me, My couch will ease my complaint,’ Then You scare me with dreams And terrify me with visions, So that my soul chooses

strangling And death rather than my body. I loathe my life; I would not live forever. Let me alone, For my days are but a breath."

Job said God scared him with dreams, and God doesn't scare people with dreams. Job said it ignorantly. The reason we know that was because God challenged him.

Job 38:1-2 "Then the Lord answered Job out of the whirlwind, and said: Who is this who darkens counsel by words without knowledge?

God wondered why was this man speaking like that. How could I have scared you with dreams? God doesn't show dreams to scare people.

WHY DOES GOD SHOW DREAMS TO PEOPLE?

He shows dream to them to communicate to them and to answer their request.

Job 33:14-16 "For God may speak in one way, or in another, yet man does not perceive it. In a dream, in a vision of the night, when deep sleep falls upon men, while slumbering on their beds, Then He opens the ears of men, and seals their instruction."

The above scripture reveals one of the reasons, which is; He has tried to reach them, communicate to them during the day but they were not sensitive and alert, and He needed to get to them, so all He needed to do is to come to them in a dream at night

to get to them what He wants to say because of the much activities. You have several thought and things you do; the imagination of your thought can be often but revelations through dream is not often.

GET THE LEADING OF THE HOLY SPIRIT

As a matter of fact, no believer should seek to be led through dreams, we are to be led through the Spirit. Don't try getting dreams from God, get the leading of the Spirit and you will always be saved.

FOOD IN THE DREAM

There are people who before they got saved had certain witchcraft experiences in the world, and as such they brought their experiences into Christianity. These people were familiar with witchcraft operations that got people to be fed with food in their dreams in order to inject certain things into their body system.

These people understand that is how things are done, so when they came into Christ, they came with that mentality. Their perspective maybe correct but most importantly, they must not turn that into a doctrine in the church. Attack can come through food fed on in the dream but not every time you fed on food in dream is attack.

Scriptures showed us a man who ate in his dream and wasn't attacked. Most of the time when you

always think eating in the dream is an attack, you are saying that one day you're going to dream, and you're going to see yourself eating in the dream, and when you wake up, you will begin to panic and seek help here and there without knowing it was your ignorance that set you up and not God. It was as a result of your ignorance you have been fed with wrong knowledge. Now, I understand that witchcraft exist and if you are fed by witchcraft in your dreams, you don't have to panic. The thinking of believer is not the thinking of the world. Those in the world can have a dream of eating and call it an attack but as a believer you shouldn't think that way because you have the superior power inside you.

Isaiah 29:7-8 says *"The multitude of all the nations who fight against Ariel, Even all who fight against her and her fortress, And distress her, Shall be as a dream of a night vision. It shall even be as when a hungry man dreams, And look—he eats; But he awakes, and his soul is still empty; Or as when a thirsty man dreams, And look—he drinks; But he awakes, and indeed he is faint, And his soul still craves: So the multitude of all the nations shall be, Who fight against Mount Zion."*

The first time I saw this scripture I laughed and laughed. The passage showed us that a man was hungry and he slept off with his hunger, so he finds himself eating in a dream and he woke up and found himself still hungry, the food he ate in his dream

wasn't in his belly, so he was still hungry and he was compared to a thirsty man who slept and had a dream of him drinking water and he woke up and realized that he was still thirsty.

Here is the two points I want to prove: He ate and he drank yet nothing was in his stomach. What you ate in your dream is not in your body. As a believer, we can't tell this to those who are not saved. They can eat and be attacked but as a believer it is nothing to you. You can eat and you won't be attacked. It can't affect you because you have the superior power in you. Besides, the Bible says, He that is in us is greater than he that is in the world.

The second point is why did the man dream? I have established that you can cause your dream. So, the man dreamt because there was an activity in him. The activity was a desire. The Bible says craving.

The inward man just produced what was on his mind, that is, his recent desire. It wasn't an attack for this man. Don't have that mentality that you have been attacked, that mentality will always cage you, make you to lose sight of the superior power you have in Christ Jesus. If any man be in Christ, he is a new creation. You are far above heaven, so what on earth will you eat and will affect you. Now, picture this dream about an individual and in that dream all his enemy are before him, and there was a table that separated him from his enemy and suddenly and the

man saw a plastic of food (rice and chicken), and a voice came, saying, Eat! Eat! Eat! And his enemy was before him and he ate the rice and chicken and his enemies were looking at him. They couldn't do anything, and he ate everything and he was full. And he suddenly woke up and meditated about the dream and said; Jesus, I have just been attacked. Such statement shows the person is devoid of the knowledge of God.

The Lord Prepares a Table before Enemies.

Psalms 23:5 says *“You prepare a table before me in the presence of my enemies; You anoint my head with oil; My cup runs over”*.

This scripture is just a full description of the dream above. You ate in the dream and your enemy aren't eating, they were just there looking at you. Haven't you read Psalms 23:5 “you prepare a table before me in the presence of my enemies.” If this passage is true, you seeing a table before you and there was food and you were eating in the presence of your enemy, it wasn't your enemies that kept the food there, it was God that kept it there for you to eat.

Think Like God

It is time to think how God thinks, to fill your mind with the knowledge of God. Even if you eat a food and it is an attack or evil thing that is coming,

you don't need to fast and pray, you don't need to panic, all you have to do is rise and take your place and exercise your authority in Christ Jesus. And how do you do that? All you need to do is to make a declaration in the Name of Jesus. The scripture says, declare a thing and it shall be established, ***make a command and declare everything that has been sent my way to affect me, I declared you go away in the Name of Jesus.*** That's the way you command things, you don't say you eat in a dream and something has been sent to your body. How can a spiritual attack have place in your body, when the Bible says your body is the temple of the Holy Spirit? How can you have an attack that will be dwelling with the Holy Spirit in your body? It is not possible.

I have seen believers who are very sick in their body, that the devil is seriously attacking their outward man (body). Now in this scenario, all we have to do is to call on Jesus and command this attack to leave. Don't be fearful about the dream you have. Your dream should be a means of channel for God to communicate to you.

You can rise up to ask not to panic. Dreams are for communication but if it is now bringing fear to your heart, it is not from God. Sometimes when dreams are from God and you are fearful, it is because you are ignorant. God is a loving God. He will never communicate something to you that will cause you

to be fearful.

THE DREAMS YOU HAVE ARE FOR COMMUNICATION

You have to avoid unnecessary activities that will produce dreams for you. Don't think sickness, don't think poverty, always declare you have all things. Be positive with your word. Some people have been taught that when a person's wedding gown is stolen, that the person marriage has been stolen. The reason you hear such is because that's how the person has been taught and when that dream happens, what you have been taught comes back and you start running here and there praying that your marriage should not be stolen. Stop wasting your time. Take control and declare your reality in Christ.
